North Korea likely behind Taiwan SWIFT cyber heist: BAE

North Korean students use computers in the Grand People's Study House in the North Korean capital Pyongyang October 17,

By Jim Finkle

Cyber-security firm BAE Systems Plc said on Monday it believes the North Korean Lazarus hacking group is likely responsible for a recent cyber heist in Taiwan, the latest in a string of hacks targeting the global SWIFT messaging system. "The likely culprit is Lazarus," BAE cyber-intelligence chief Adrian Nish told Reuters by telephone. The British firm has previously linked Lazarus to last year's \$81 million cyber heist at Bangladesh's central bank, as have other cyber firms including Russia's Kaspersky Lab and California-based Symantec Corp. BAE's claim that Lazarus is likely responsible for the hack on Taiwan's Far

Eastern International Bank demonstrates that North Korea continues to seek to generate cash through hacking. Nish said he expects the group to continue to target banks. "They are not just going to go away. They've built the tools. They are going to keep going back," he said. Still, he noted that the group appears to have had difficulty in pulling funds out of the banking system, after the massive Bangladesh heist, which prompted SWIFT and banks to boost security controls. Taiwan's Central News Agency reported last week that while hackers sought to steal some \$60 million from Far Eastern Bank, all but \$500,000 had been recovered by the bank.

BAE previously disclosed that Lazarus attempted to steal money from banks in Mexico and Poland, though there is no evidence the effort succeeded. A security executive with SWIFT, a Belgium-based co-operative owned by banks, last week told Reuters that hackers have continued to target the message system this year, though many attempts have been thwarted by the new security controls.

Iraqi forces seize oil city Kirkuk from Kurds in bold advance

(Reuters) - Iraqi government forces captured the major Kurdish-held oil city of Kirkuk on Monday, responding to a Kurdish referendum on independence with a bold lightning strike that transforms the balance of power in the country. A convoy of armored vehicles

from Iraq's elite U.S.-trained Counter-Terrorism Force seized Kirkuk's provincial government headquarters on Monday afternoon, less than a day after the operation began, a Reuters reporter in Kirkuk said. Neither side gave a casualty toll for the operation. But an aid

group working in Kirkuk said several Kurdish Peshmerga fighters and Iraqi soldiers had been killed in an overnight clash south of the city - the only serious fighting reported. As Iraqi forces advanced, Kurdish operators briefly shut some 350,000 barrels per day of oil out-

put at two large Kirkuk fields, citing security concerns, oil ministry sources on both sides said. But production resumed shortly thereafter following an Iraqi threat to seize fields under Kurdish management if they did not do so, according to the source. Air-to-ground missile drills in waters off the east coast of South Korea, then flew over the South to waters between it and China to repeat the drill, the release said.

China Targets American Technology In Drive To Become Innovation Leader

Robotic military technology was displayed at an exhibition highlighting China's achievements under five years of leadership by President Xi Jinping.

China has stepped up efforts to work with American businesses in a bid to acquire advanced technology, part of a drive to become a leading technology-innovation power.

"China is pushing to further deepen technology collaboration with U.S. business and academic institutions as part of a national effort to transform its economy, including by putting China at the leading edge of global technological innovation," said a U.S. intelligence official who provided a recent assessment of China.

"At the same time, Beijing is trying to downplay concerns that this state-led technology acquisition drive creates an uneven playing field, forces technology transfers to China, limits foreign companies' access to the Chinese market and is a threat to U.S. and other companies economic strengths," the official added.

Also, the Treasury Department-led Committee on Foreign Investment in the United States has tightened restrictions on Chinese purchases of U.S. companies.

U.S. Trade Representative Robert Lighthizer said a month later that China posed an unprecedented threat to the world trading system.

"The sheer scale of their coordinated effort to develop their economy, to subsidize, to create national champions, to force technology transfers and to distort markets in China and throughout the world is a threat to the world trading system that is unprecedented," Mr. Lighthizer said in a speech.

"Beijing is increasing control of domestic dissent to project unity before the congress," the official said.

U.S. Trade Representative Robert Lighthizer

According to the official, Chinese leaders are working to undermine the U.S.-led world order and specifically the U.S. alliance network that is promoting U.S. values worldwide.

Militarily, China's armed forces are modernizing faster than any nation other than the United States.

"Chinese leaders believe a strong military is essential for China to achieve great-power status and become the pre-eminent power in East Asia, with increasing influence globally as well," the official said.

On North Korea, the official said China has condemned Pyongyang's latest mis-

sile and nuclear tests but continues to advocate restraint and dialogue.

North Korea's growing military aggressiveness in Asia is increasing the danger of a conflict with the United States, according to a research institute study.

"Despite cautious and pragmatic Chinese policies, the risk of conflict with the United States remains, and this risk will grow in consequence, and perhaps in probability, as China's strength and assertiveness increase in the Western Pacific, a region of vital importance," the study by the Rand Corp. states.

The report identifies several flashpoints that could trigger a U.S.-Chinese conflict, including the Korean Peninsula, Taiwan, Japan and the South China Sea.

High-Tech Surge: Investing in America and Innovation - Report Findings - YouTube

The most likely war-triggering hot spot is North Korea. Rand analysts assess that China is unlikely to intervene in support of North Korea if a second Korean war breaks out, despite Beijing's defense treaty with Pyongyang.

A more likely spark would be a Chinese military operation following a North Korean attack on South Korea, a pre-emptive U.S. nuclear strike on North Korean nuclear facilities or a collapse of the Pyong-

yang regime.

Under Kim Jong-un, North Korea has rapidly expanded its nuclear and missile programs. Its increasingly provocative tests "have increased the potential for a spiral of unintended escalation into conflict on the peninsula or even a pre-emptive American strike on North Korean nuclear assets," according to Rand.

"The further U.S. or South Korean forces advance beyond that point, the more likely a Chinese intervention," the report says.

The report does not see the collapse of the North Korean regime as likely.

North Korean leader Kim Jung Un

For the South China Sea, the waterway has become a major zone of strategic rivalry between Washington and Beijing.

Taiwan remains a target of Chinese military planning, and a conflict could erupt there. China's growing might has eroded the U.S. military's capabilities to intervene to prevent a takeover.

On cyberwar, the report says a conflict could begin and remain in cyberspace, most likely in response to heightened tensions in other geographic flashpoints.

"Having conducted repeated intrusions into U.S. networks to exfiltrate sensitive data without known U.S. reprisal, the [People's Liberation Army] might seek and receive authority to interfere with U.S. intelligence collection and dissemination on a range of sensitive Chinese programs," the report said.

U.S. retaliation could include cyberattacks against Chinese critical infrastructure,

such as networks used to support transport systems, including commercial shipping and military logistics.

China can develop escalation options of its own, including [anti-satellite weapons] and offensive cyberwar capabilities.

"With the passage of time and improvement of Chinese capabilities, the United States will likely find itself forced to shift from deterrence by denial, based on direct defense of its interests and allies in the Western Pacific, to deterrence by punishment, based on the threat of escalation, using longer-range weapons and more survivable platforms," the report concludes.

"Although the United States can maintain escalation dominance for some time, China will develop escalation options of its own, including [anti-satellite weapons] and offensive cyberwar capabilities."

California Fires Leave "Nuclear Warfare" - Like Devastation

"We have found bodies almost completely intact, and we have found bodies that were nothing more than ash and bones," Giordano said.

California's iconic wine country - comprising Sonoma and Napa counties - has been particularly hard hit, as have Mendocino, Yuba, Nevada, Butte and Orange counties.

And the unfortunate reality, as one firefighter acknowledged, is that the fires could continue to burn for days, because there's no end in sight.

"We are not even close to being out of this emergency," said Mark Ghilarducci, director of the state's Office of Emergency Services.

County officials described flying over neighborhoods that had been totally decimated, with not one single structure still standing.

County officials described flying over neighborhoods that had been totally decimated, with not one single structure still standing.

Shirlee Zane, one of the district supervisors for Sonoma County, says she flew over communities that "looked like war zones. They looked like somebody had bombed them."

Wayne Peterson of Sonoma described the air as "acidic."

"I'm wearing the mask because I've been here two or three days now, I live here," Petersen was quoted by The Associated Press as saying.

Santa Rosa, a small city that serves as the county seat for Sonoma County, was particularly hard hit. The LA Times reported that officials said they were stunned by the scale of the destruction.

State and local officials expressed hope that the milder winds on Wednesday and Thursday would help fire crews contain the flames.

Though the cause of the fires has not yet been confirmed, the local utility said that the strong winds knocked trees into power lines, which could've sparked fires given the dry conditions.

Three registration days added for disaster food relief

By Robert Downen

Harris County residents who need food assistance after Hurricane Harvey will have three more days to register, the state Department of Health and Human Services announced Monday.

Those seeking financial assistance under the Disaster Supplemental Nutrition Assistance Program -- also known as D-SNAP -- will be able to register from Wednesday through Friday this week at Alexander Deussen Park's Senior Center and the Open Air Pavilion, 12303 Sonnier Street.

The site will be open from 8 a.m. to 7 p.m. Applicants must be in line by 7 p.m., the agency said in a press release, though warned

that "due to high volumes of applicants, not all individuals in line at 7 p.m. will necessarily be served."

The announcement comes more than a week after the initial, Oct. 6 deadline for applications to the program, which provides qualifying families with cards that can be used to purchase food and drinks, but not alcohol or tobacco.

Advocacy groups had previously called on state lawmakers and HHS to extend the program for at least two weeks, citing stories from many

who said they waited for in line for hours at various registration sites in Harris County, only to be turned away.

More than 932,000 people have been served at such sites in Harris County, HHS said Monday. The agency also noted

that the state will have offered D-SNAP for 18 days when the program closes this Friday. Normally, the agency said, the program is offered for up to seven days,

Those who qualify receive benefits on a Lone Star Card, which is used to provide food stamps under the regular SNAP program in Texas. To qualify for the D-SNAP benefits, a family must live in a county declared a federal disaster area, have experienced loss of income or home and not receive regular SNAP food benefits. Through the program, families receive amounts equal to two months of the maximum SNAP benefits for their household size, which range from \$192 a month for one person to \$760 for a family of five, plus \$144 for each additional person.

China offers to buy 5 percent of Saudi Aramco directly

Rania El Gamal, Alex Lawler

China is offering to buy up to 5 percent of Saudi Aramco directly, sources said, a move that could give Saudi Arabia the flexibility to consider various options for its plan to float the world's biggest oil producer on the stock market.

Chinese state-owned oil companies PetroChina (0857.HK) and Sinopec (0386.HK) have written to Saudi Aramco in recent weeks to express an interest in a direct deal, industry sources told Reuters. The companies are part of a state-run consortium including China's sovereign wealth fund, the sources say.

Saudi Arabia's Crown Prince Mo-

ammed bin Salman said last year the kingdom was considering listing about 5 percent of Aramco in 2018 in a deal that could raise \$100 billion, if the company is valued at about \$2 trillion as hoped.

"The Chinese want to secure oil supplies," one of the industry sources said. "They are willing to take the whole 5 percent, or even more, alone."

The initial public offering (IPO) of Saudi Aramco is the centerpiece of an economic reform plan to diversify the Saudi economy beyond oil and it would also provide a welcome boost to the kingdom's budget which has been hit by low oil prices.

But the IPO plan has created pub-

lic misgivings that Riyadh is relinquishing its crown jewels to foreigners cheaply at a time of low oil prices. Some Aramco employees would like the whole idea to be shelved, sources say. Internal disagreements between what some advisers recommend and what the crown prince wants have delayed several key decisions

about the IPO, industry s

The sources also point to disagreements between senior government officials, with some pushing only to list Aramco locally or to delay the IPO beyond 2018 when they hope oil prices will have stabilized at \$55 to \$60 a barrel.

美南電視轉換新頻道15.3操作指南

美南國際電視網STV Channel 已由55.5 轉換至15.3，並正式擴大為十個頻道，廣大收視觀眾只要透過遙控器轉台至15.3，即可收看到美南電視節目，如果您家中的電視遙控器轉到15.3頻道，依然無法收看到美南電視，請依以下中英對照操作指南方式調整。

點選遙控器內的Menu頻道設定，重新掃描，注意智能型電視可能有一個聰明的按鈕用於設置MENU選項。通常會有廠商的LOGO標誌。尋找頻道設置選項。確認頻道是以天線收視。從MENU中，選擇數位頻道搜索 (Channel Scan 或 Channel Search 或是Auto program)，進行頻道掃描搜索或頻道自動設定。當電視完成自動搜索後，你會看到電視列出已有多少個頻道重新被發現。頻道重新設定過程有時可能長達一個小時。頻道設定完成後，按確認然後退出。如果頻道重新搜尋仍無法接收或是收視情況不佳，請購買天線調整最佳收視角度。如仍有相關問題，請致電美南新聞281-498-4310，聯繫Daniel。

2. Locate Channels or Tuner Set Up option.
3. Check the menu for an option of Antenna Type or Connection Type followed by either Antenna or Cable.
4. Make sure that the designated setting is Cable (based on manufacturer, alternate choices may include Digital Cable, CATV or Cable STD)
5. From the menu, choose Digital Channel Search (based on manufacturer, alternate choices may include Channel Scan, Channel Search or Auto program.)

《王牌特工2》曝裸眼3D預告 “大開眼界” 左輪呼之欲出子彈射出畫面 蛋蛋沖屏而入

好萊塢動作續作《王牌特工2：黃金圈》今日重磅發布“大開眼界”版預告，裸眼3D的驚艷視覺效果透過屏幕呼之欲出。片方將於今晚黃金場次舉辦全國98場超前點映，並將於10月20日以2D、3D、IMAX3D、中國巨幕3D、杜比全景、杜比視界、REALD 3D、MX4D、4DX以及ScreenX制式登陸全國影院。

不同於常規的電影預告片，《王牌特工2：黃金圈》大玩創意，利用裸眼3D視覺效果打造了這支精彩絕倫的“大開眼界”預告。燃爆視覺的動作戲和特效場面在裸眼3D的襯托下顯得更加酷炫無敵！

艾格西勇鬥敵人時好似從畫面外沖屏而入，連貫動作利落帥氣；威士忌的左輪手槍也呼之欲出，每壹顆子彈都像射

出了畫面，觀眾隔著屏幕都能感受到視覺衝擊；而爆炸、飛車等大場面中噴薄而出的火光、四散開來的爆炸物更是讓人心花繚亂，燃爆眼球！隨後每個演員輪番出場，在3D的渲染下向觀眾迎面走來，霸氣十足！整支預告呈現出超乎想象的視覺效果。

電影《王牌特工2：黃金圈》由馬修·沃恩（《王牌特

工：特工學院）執導，科林·費爾斯（奧斯卡影帝）、朱麗安·摩爾（奧斯卡影后）、塔隆·埃格頓（《王牌特工：特工學院》）、馬克·斯特朗（《王牌特工：特工學院》）、哈利·貝瑞（奧斯卡影后）、查寧·塔圖姆（《木星上行》）、傑夫·布裏吉斯（奧斯卡影帝）、佩德羅·帕斯卡（《長城》）等主演。

J·J·艾布拉姆斯：韋恩斯坦就是個怪物 凱特溫絲萊特補刀：當年拿奧斯卡故意沒感謝他

J·J·艾布拉姆斯近日在出席活動中，首次公開發表對前好萊塢大佬哈維·韋恩斯坦性騷擾醜聞的個人看法，直言“他就是個怪物”。艾布拉姆斯表示，“有些人之前告訴我，他們對於人們談論這件事有多惡心，已經感到厭煩。對於他濫用權力這件事有多可惡，我並不認為談論得足夠多，他就是個怪物。當然還有其他怪物，也總有對付怪物的人。”

他同時認為，對於爭取女性權利的問題上，好萊塢還有許多事情要做。“這些東西真的是非常可鄙的，它在任何行業中都沒有位置，更別說是在我們行業。在我們行業裏，女性尤其會被要求脆弱和性感。這就需要更加細心地對待她們。”凱特·溫絲萊特奧斯卡封後之作《朗讀者》正是由哈維·韋恩斯坦擔綱制作；然而，溫絲萊特是韋恩斯坦醜聞曝光後最先公開發聲譴責的壹線大咖之壹（新聞鏈接）。近日，溫絲萊特再次補刀，稱在2009奧斯

卡頒獎典禮上，自己沒有感謝哈維·韋恩斯坦是有意為之的。溫絲萊特在接受洛杉磯時報採訪時說：“我記得當時有人告訴我‘如果你贏了壹定記得要在獲獎感言裏感謝哈維。’我轉過頭對那人說‘不，我就不。’這並非是我不懂得感恩戴德，而是——當壹個人行為不端，我為什麼要感謝他？”

凱特透露：“從影至今，我每次遇到哈維·韋恩斯坦他都要抓住我的手對我說‘不要忘了是誰給了出演第壹部電影的機會。’他說得好像我所有的成就都歸功於他似的。後來《朗讀者》上映，他又是粗魯對待我，說什麼‘我壹定會給你拿到奧斯卡提名，保證妳拿獎，我壹定會替妳贏得那個獎杯。’正是哈維·韋恩斯坦粗魯的言行和自以為是的傲慢作風引起了凱特·溫絲萊特的反感，所以在她發表獲獎感言時，故意沒有提到哈維·韋恩斯坦的名字——這以前從來沒有人敢這麼幹。

《回到火星》再曝「心星相印」片段 跨星純戀讓人直呼又蘇又撩 如果有機會在火星生存，妳會如何抉擇？來自火星的16歲少年加德納選擇回到地球尋愛，因為愛有著超越星際的最強引力。由英國著名導演彼得·切爾瑟姆執導，阿沙·巴特菲爾德、布麗特妮·羅伯森、加裏·奧德曼、卡拉·古奇諾等演員聯袂主演的科幻愛情片《回到火星》正在全國熱映，今天電影發布壹支“心星相印”版劇情片段，再撩少女心。

《回到火星》是壹部科幻背景下的青春純愛電影，火星男友加德納，跨越火星與地球的極限距離，與塔爾薩上演了“生死逃亡”，壹路驚奇歷險中交付彼此。影片中兩人彼此深情甜蜜的表白讓觀眾欲罷不能，新發布的“心星相印”版劇情片段即選取了幾處經典場景，無論是“帶妳環遊全世界”的霸氣宣言，還是“妳是我見過最漂亮的女孩”，“地球上最喜歡妳”等孩童式純真告白，都讓人直呼又蘇又撩。

《銀翼殺手2049》推2022前傳動畫短片 “動畫界昆汀”渡邊信壹郎掌鏡 填補30年劇情空白

年度科幻動作電影《銀翼殺手2049》即將於10月27日以2D/3D/IMAX 3D/中國巨幕3D等全制式在中國內地上映，日前影片正式推出第壹支官方前傳動畫短片，短片名為《銀翼殺手：2022黑暗浩劫》，是續作導演丹尼斯·維倫紐瓦特別委託，由被稱為“動畫界昆汀”的渡邊信壹郎導演，行雲流水的動畫運鏡，招招凌厲的打鬥，不僅熱血澎湃，更不乏情感流露。這支短片以2022年為故事背景，填補了《銀翼殺手》2019年與《銀翼殺手2049》之間空白的30年的劇情。短片故事聚焦了美國西海岸神秘大斷電事件，繼而導致社會動亂，直接引發復制人被立法禁止。

這支動畫短片，時間設定在2022年，場景致敬1982年的前作，故事上則承上啓下，很好的銜接《銀翼殺手2049》的故事。短片中，名叫莫奈的復制人，即是《銀翼殺手2049》中的復制人Sapper，由戴夫·巴蒂斯塔飾演。大斷電事件的策劃人伊吉，則與復制人女孩壹起做壹件大事，他們將利用火箭爆炸產生的電磁脈沖，毀掉地球上壹切帶電的設備，炸毀復制人的資料庫。復制人如此決絕的原因，原來是因為伊吉在壹場地球外的戰爭中發現了人類的黑暗面。

與《銀翼殺手2049》中的設定壹樣，此時的復制人已經擁有相當長的壽命，不再是前作中提及的6號復制

人的4年壽命，但他們更想要的是“生命”。大斷電之後，復制人在全世界遭到了譴責非難，當局立法無限制禁止復制人生產，泰勒公司倒閉。短片結尾交代，收購了泰勒公司的華萊士公司制造新的復制人則需要10年以上的等待，這也為即將曝光的第二支前傳短片《銀翼殺手：2036復制人黎明》埋下伏筆。在短片最後，伊吉握著自己的右眼走出火海，他挖出了能夠識別身份的右眼，這與《銀翼殺手2049》中獨特右眼標誌復制人身份的設定相同。曾經制作過《湮滅武士》、《黑客帝國動畫版》以及《星際牛仔》的渡邊信壹郎表示，《銀翼殺手》對他的壹系列作品都有很深的影響。所以在這部動畫短片中，他希望做到兩點：尊重原作，最大限度的還原《銀翼殺手》，但也絕不會過分的模仿原著。
