## Vulnerable House Democrats tread carefully in wake of Mueller report

(Reuters) - Vulnerable House Democrats, mindful of President Donald Trump's continued strength among Republican voters, are using caution in how they respond to the special counsel's report, which detailed Trump's efforts to thwart the investigation into Russian efforts to help him win the White House.

More than 30 Democratic representatives, many of whom are in their first term, represent districts that supported Trump in 2016. The party's chances of keeping control of the U.S. House of Representatives likely hinge its ability to defend those seats.

In the report released on Thursday, Special Counsel Robert Mueller said Trump may have obstructed justice and portrayed a president bent on stopping the probe into Russian meddling. But Mueller stopped short of concluding that a crime was committed, leaving it to Congress to make its own determination.

That is putting pressure on congressional Democrats to decide whether to pursue impeachment charges against Trump, whose continued popularity with his Republican base could weigh heavily on Democratic lawmakers in swing districts.

Those incumbent Democrats may have to strike a delicate balance on the campaign trail next year. Too much bashing of the president could turn off voters more interested in kitchen-table issues and motivate Trump sympathizers to rally around him.

Hours after Mueller's findings were released, Abby Spanberger, a Democratic congresswoman from Virginia, held a town hall that saw virtually no discussion of the report. She knocked off a Republican incumbent last year in a district that favored Trump by more than 6 percentage points in 2016.

The 39-year-old representative told reporters before the event that she was more interested in preventing Russia from attacking the electoral process than in "re-litigating" the 2016 presidential contest.

## Foxconn says it remains committed to Wisconsin investment project

TAIPEI (Reuters) - Taiwan's Foxconn said on Friday it remains committed to its contract to build a display plant and tech research facilities in Wisconsin, days after the U.S. state's governor said he wanted to renegotiate the deal. Democratic Governor Tony Evers, who inherited a deal to give Foxconn \$4 billion in tax breaks and other incentives when he took office in January, said on Wednesday he wanted renegotiation because the firm is not expected to reach its job creation goals for the state. Foxconn's proposed 20-million-square-foot Wisconsin campus, announced at a White House ceremony in 2017, marks the largest greenfield investment by a foreign-based company in U.S. history and was praised by President Donald Trump as proof of his ability to revive American manufacturing. Foxconn, a major supplier to Apple Inc, has pledged to eventually create 13,000 jobs in Wisconsin, but said earlier this year it had slowed its pace of hiring. "Foxconn remains committed to our contract," the company said in a statement on Friday. "Foxconn's commitment to job creation in Wisconsin remains long term and will span over the length of the WEDC (Wisconsin Economic Development Corporation) contract and beyond," it said, adding the construction on the LCD display manufacturing facility will commence in the summer.

## Warmbier parents blast 'evil' North Korea regime after Trump praises Kim

WASHINGTON (Reuters) - The parents of Otto Warmbier, an American student who died after 17 months in a North Korean prison, blamed Kim Jong Un's "evil regime" on Friday after U.S. President Donald Trump said he believed the leader's claim not to have known how their son was treated.

Warmbier's parents said they held off commenting during the second summit between Trump and Kim in Hanoi, which was cut short on Thursday after the two sides failed to reach a deal for the reclusive communist nation to give up its nuclear weapons.

"Kim and his evil regime are responsible for the death of our son Otto," Fred and Cindy Warmbier said in a statement. "Kim and his evil regime are responsible for unimaginable cruelty and inhumanity. No excuses or lavish praise can change that."

Trump drew criticism after he praised Kim's leadership and said he accepted Kim's assertion that he had not been aware of how Warmbier was treated while in detention.

"He tells me that he didn't know about it, and I will take him at his word," Trump told a news conference.

It wasn't the first time Trump has faced criticism for appearing to side with autocratic leaders. He gave Saudi Crown Prince Mohammed bin Salman the benefit of the doubt after the killing of Washington Post columnist Jamal Khashoggi last year. In July, Trump refused to blame Russian President Vladimir Putin for interfering in U.S. election.

Prominent Republicans on Thursday did not share Trump's acceptance of Kim's word, including close Trump ally U.S. Senator Lindsey Graham, who said he didn't "buy it for a minute."

Warmbier parents blame Kim Jong Un for son's death. After the family's sharp statement, the White House tried to explain what Trump meant.

"The president agrees with the Warmbier family and holds North Korea responsible for Otto Warmbier's death,"

Trump adviser Kellyanne Conway told Fox News. "What he said was that Chairman Kim says, what he believes Chairman Kim to have said, was that he was not aware of what had happened to Otto Warmbier when it happened."

Warmbier, 22, died on June 19, 2017, shortly after he was flown home to Ohio in a coma after being held by North Korea for 17 months.

"Otto should have never been arrested in the first place and Kim is responsible for that decision and everything that subsequently happened," said Phil Robertson, deputy Asia director for Human Rights Watch.

Cohen turned over to the committee a copy of a \$35,000 check Trump signed on Aug. 1, 2017, one in a series he said was to reimburse him for paying off Daniels after Trump took office.

Cohen said Trump's eldest son, Donald Trump Jr., co-signed another check, again for \$35,000. A lawyer for Donald Jr. did not respond to a request for comment.

The sweeping claims against Trump, from a man who once said he would take a bullet for his boss, come as Mueller appears to be close to completing his investigation into possible collusion between Trump's campaign and Russian efforts to sway the vote. Trump has called the Mueller investigation a "witch hunt."

U.S. officials have said the emails released by WikiLeaks were stolen by Russia as part of Moscow's campaign of hacking and propaganda during the presidential race aimed at sowing discord in the United States and harming Clinton. Trump has previously denied knowing in advance about the release of hacked Democratic National Committee (DNC) emails during the election.

Cohen said he was in Trump's office in July 2016 when Roger Stone, a self-described "dirty trickster" and longtime political adviser to Trump, called the then Republican presidential candidate. Cohen offers Congress 'new details' on Trump. Cohen said Stone told Trump he had been speaking with WikiLeaks founder Julian Assange, who told him there would be a dump of emails within a couple of days that would damage Clinton's campaign.

The cannabis drug arrived at the Lindeen household in a UPS shipping box marked "critical."

Piper and Brian Lindeen had been monitoring news of Epidiolex for months. The drug meant another chance at treating their 10-year-old son Zach's ongoing seizures, and a possibility for broader medical cannabis access in Texas.

The cannabidiol, or CBD, made by the British company GW Pharmaceuticals, aims to treat epileptic seizures of patients with Dravet syndrome and Lennox-Gastaut syndrome.

Successful clinical trials, including some with Texas patients, helped Epidiolex become the first CBD medication to gain approval earlier this year from both the Food and Drug Administration as well as the Drug Enforcement Administration. Prescriptions for the drug became available in the United States last month.

Currently the only two legal options to get medical cannabis in Texas are through the limited state registry, known as the Compassionate Use Program, and from prescription Epidiolex.

Marijuana advocates, including the Lindeens in Sugar Land, hope Epidiolex's federal approval could sway any state legislators wary of expanding legal access to medical cannabis. Several marijuana-related bills were filed for the next legislative session.

State Sen. Jose Menendez, D-San Antonio, authored Senate Bill 90 for expanding the state medical cannabis program, which formally kicked off this year.

He believes the research that went into the development of Epidiolex, and which helped the drug gain federal approval, could be key to pushing his bill and similar ones next year.

"I'm going to use any and every tool pos-

## Federally Approved Cannabis Drug Offers Hope For Patients And Marijuana Advocates

Compiled And Edited By John T. Robbins, Southern Daily Editor

**Brian and Piper Lindeen aid their son, Zach, as he experiences an epilepsy seizure Sunday, Dec. 2, 2018, in Sugar Land. The first FDA approved cannabis-based medication is available to U.S. patients through a prescription, but its high cost, \$32,500 a year, puts it out of reach of several patients.**

sible," Menendez said.

Yet advocates are also concerned that so much pressure on Epidiolex may backfire if the drug ultimately fails to generate enough positive results.

As the Lindeens have learned through years of treating Zach, what may work for one patient doesn't work for all.

"[Epidiolex] is something that's standardized and reproducible and some people do well with that," Piper Lindeen said, "but some people need variability."

### A Sense Of Hope

Zach has been prescribed at least eight different pharmaceuticals for the seizures that began when he was about 3 and half years old. They've each worked in varying degrees, but have also left concerning side effects including the risk of losing speech and noticeable aggression.

"He punched the end of his bed one time,"

Brian Lindeen said of his son. "I had never seen him so angry."

It wasn't until Zach began taking medical cannabis this year from a dispensary in Austin that the Lindeens began to feel a sense of hope.

Zach managed to go seizure free for about six months—the longest stretch the Lindeens had ever recorded.

Yet in the last few weeks, the seizures returned, about twice a day.

By then their neurologist, Dr. Michael

Newmark at Kelsey-Seybold Clinic, who is registered to prescribe medical cannabis through the state registry, suggested the Lindeens consider Epidiolex as a treatment for Zach's Lennox-Gastaut syndrome.

There was some initial research required, not just of the drug's clinical test results, but also of its cost.

Earlier this year GW Pharmaceuticals listed the drug's weighted average price at \$32,500 for the first year of use. For some patients Medicare and Medicaid may cover the cost, but Stephen Schultz, the company's vice president of investor relations, noted that most patients will rely on a number of private insurance options to make the drug more affordable.

In the case of the Lindeens, a recent switch to a new insurance plan brought their first prescription co-pay to about \$160, which was ultimately covered by co-pay assistance. They've been paying about \$500 a month out-of-pocket for medical cannabis from the state-licensed dispensary, Compassionate Cultivation.

In the case of Cindy Welch in College Station, the out-of-pocket cost for Epidiolex for her 1-year-old granddaughter on Medicaid comes to about \$1,500 a month. They currently pay about \$380 a month to Compassionate Cultivation.

If it hadn't been for the dispensary, Welch said, her family would have had to move to Colorado to get medical access.

Morris Denton, the dispensary CEO, said he's already lost patients like the Lindeens whose insurance makes Epidiolex a more

affordable medical cannabis option than his product, which cannot be covered by any insurance. Yet there are several more who must still check to see if their insurers cover Epidiolex.

Time will tell whether the new federally approved drug negatively impacts business at the state's three existing dispensaries, Denton added. Epidiolex doesn't contain the THC chemical compound allowed at the state dispensaries which can better help some patients than CBD alone. "It's ultimately a good thing to have choice," Denton said.

### More options needed

Choice has been a main driver behind Piper Lindeen's advocacy for marijuana legalization. Treating epilepsy can at times feel like a guessing game, switching medications and doses in and out to find the best fit, she said.

Pharmaceutical options are known to carry harsh side effects and patients can experience physical withdrawals when transitioning between brands.

Anecdotally, no such withdrawals have been reported among patients in legal states switching between cannabis options, Lindeen added.

But she remains frustrated at only having two medical cannabis options in Texas.

"We really need a wide variety of therapeutics," Lindeen said.

Newmark said in an email that he hopes Epidiolex will reduce the number of Zach's seizures substantially. The neurologist's only concern is a bit of sedation the boy may experience.

"I firmly believe that as more knowledge is obtained about the use of these compounds that there will be much greater acceptance in the future," Newmark added.

"Texas will be unlikely to go against the trend." (Courtesy the Houston Chronicle)

**Trump's Message To H-1B Visa Holders:  
'Path To Citizenship' Could Be Coming Soon**

President Trump recently indicated plans to change policies for visa holders, tweeting that a "path to citizenship" for H-1B holders was potentially possible under his administration.

In a tweet posted as the president returned from his trip the day before to the U.S.-Mexico border, Trump declared that the U.S. desires to see "talented and highly skilled people" immigrate to the U.S. and pursue careers.

"H-1B holders in the United States can rest assured that changes are soon coming which will bring both simplicity and certainty to your stay, including a potential path to citizenship," Trump said.

"We want to encourage talented and highly skilled people to pursue career options in the U.S.," he continued.

**What Changes Are Coming In 2019 To The H1B Visa Program?**

What is the status of the current U.S. H1B visa program and what can we look forward to in 2019?

Foreigners view the H1B visa as the golden gate to furthering their career, starting a family and building a new life in America. The visa is particularly popular because you can also transition from it to a green card. Many applicants are international students

trying to transition from F-1 student status to H-1B work visas on route to a green card. Each year, the U.S. Citizenship and Immigration Service (USCIS) opens a total of 85,000 such visas — 65,000 for those applicants who have a bachelor's degree or equivalent, and 20,000 for those with a master's degree or higher. The USCIS begins accepting applications on the first business day of April each year. Within the first week, the visa allocation is exhausted. This year is the sixteenth year in a row that the H-1B program has experienced such an overload of applicants. In the first week of this fiscal year, nearly 200,000 petitions were received. To cope with this excessive demand for the work visas, the USCIS has employed a lottery to choose successful candidates.

Nearly half of Fortune 500 companies were founded by first or second-generation immigrants and no doubt, many were former H-1B visa holders. According to a recent report, U.S. tech giants like Amazon, Microsoft, Google and Intel are among the top 10 employers of approved H-1B applicants. Amazon itself, was the second highest guarantor of H-1B visas in 2017 with 2,515 such visas, sharply up from the previous year. U.S. educators have established without doubt that the entry of foreign-born scientists and engineers remains an unmatched source of "strength and vitality" for the country's tech industry.

According to an NFAP source, "Employers report the time lost due to the increase in denials and Requests for Evidence has cost millions of dollars in project delays and

contract penalties, while aiding competitors that operate exclusively outside the United States."

On November 19th, 2018 the U.S. Department of Labor began requiring that employers of H-1B applicants use a new Labor Condition Application form (LCA), ETA 9035. Critics claim the new form is designed to elicit internal information from employers and increase government pressure upon H-1B employed companies, with the intended possibility of negative attention from the press.

The new labor conditions could deter tech companies from hiring skilled graduates abroad lest they fork out too much in annual wages, and could compel them to "hire American" in line with Trump's new order. Alternatively, if companies cannot source adequate American-born employees, the new conditions may result in selected foreign employees being appointed at much higher salaries. The true effects of this new LCA form have yet to be seen.

From the perspective of both foreigners and international students, the uncertainty of such U.S. policies and denials, can be overwhelming. These U.S. restrictions impact Indian and Chinese nationals most because they account for the vast majority of these visas. For example, they accounted for 82 per cent of H-1B visas in 2016. Indian workers specifically are known to specialize in IT-related jobs, helping fill the gaps in the tech industry.

However, not all U.S. initiatives regarding H-1B visas have necessarily been bad. A change in the way the USCIS conducts its lottery may benefit some H-1B applicants. In particular, international students graduat-

ing from US colleges with master's degrees (and other advanced degrees) may soon have a much better chance of receiving an H-1B visa in the United States. The proposed new policy changes the rules of the lottery system used to determine who will receive the H-1B visa as follows:

1. USCIS will reverse the order by which USCIS selects H-1B petitions under the H-1B cap and the advanced degree exemption. This will increase the number of selected H-1B beneficiaries with a master's degree or higher from a U.S. institution of higher education up to 16% (or 5,340 workers).
2. USCIS will require petitioners seeking to file H-1B cap-subject petitions to first electronically register with USCIS. The employers will not need to send in the H-1B petitions and supporting documentation before the cap selection process. This will ease the amount of work required to apply for the H-1B visas.

USCIS expects that shifting to electronic registration would reduce overall costs for petitioners and create a more efficient and cost-effective H-1B cap petition process for USCIS.

As the political landscape in Washington changes following the results of the recent 2018 election, hopefully more positive changes will be introduced to increase the effectiveness of the H-1B visa program. (Courtesy forbes.com)

漳州不僅是女排最早的訓練基地，郎平口中的“娘家”，更是孕育出“五連冠”隊伍的搖籃，壹支支隊伍在這裏灑下青春汗水，奮力成長，讓它成為“初心”所在。此次是中國女

排第46次回到漳州參加封閉集訓，為全面迎戰接下來的幾項重大賽事，包括五月的世界排球聯賽，女排世界杯和2020年東京奧運的預選賽。

此次，電影《中國女排》特意將啟動儀式定在訓練基地的老壘館，選擇在漳州開啟自己的征程，與中國女排國家隊共同出發，竭力打造屬於所有中國人的女排故事。也是希望回到女排故事開始的地方，在這個依舊保留著老壘代女排使用痕跡的場館裏，與現役的女排隊員們壹起找回初心，共赴新征程。並將在2020年的春節，以這部電影為美好祝願，為女排的東京奧運征戰加油鼓勁，共同為全國人民送上壹份來自於體育界，來自電影界的新年賀禮。

在啟動儀式上，陳可辛導演與郎平、陳忠和兩位中國女排的名帥就電影《中國女排》相關的話題進行了“爆料”。

陳可辛導演透露，早在1978年曼谷亞運會時，年僅16歲的他就在現場近距離觀看了中國女排的比賽，至今仍記得中國隊進場時熱血沸騰的感覺。當真正有機會親手將中國女排的故事搬上大銀幕時，他既興奮又感到責任重大，忍不住在微博上撰文表示：“現在我快60歲了，準備開拍中國女排的故事。人生有時候就是這麼奇妙。”

中國女排歷史久，故事豐富，在中國人心中擁有特殊的地位。敢拍這樣的題材，並定檔在春節，困難與壓力自然不言而喻，而陳可辛導演也現場坦言，要將幾代國人對女排的熱血記憶濃縮進兩個小時確實困難，“可就像中國女排，雖不壹定能贏，但就是拼了。從袁指導到陳指導，到郎指導，他們能扛過來，我們也必須扛過來。”

在演員選擇方面，陳可辛導演則

透露，為了保證運動場景的專業性和可看性，此次選角可能會考慮專業運動員。對大家最關心的郎平指導與陳忠和指導的扮演者，兩位傳奇教練在活動現場壹致表示相信並尊重導演的判斷，“當然能帥壹點更好”陳忠和指導在最後笑著補充道。

對於希望在電影中呈現哪些情節，郎指導笑言“對於每壹天的努力，誰也不知道結果是什麼，但是我們都會向自己心中的夢想，心中的目標去做，平時的生活、訓練的點點滴滴，都是我們團結努力的結果。我相信可辛導演壹定會抓住這個主題”。陳忠和指導希望通過電影“把女排的這種精神能夠弘揚給大家，特別是給青少年”，也對陳可辛導演來執導這部電影，“充滿了希望，充滿了信心”。

電影《中國女排》定檔2020年春節。

# 《九龍不敗》進軍五壹 張晉劉心悠懸案迷情

由香港金像獎導演陳果執導，張晉、UFC格鬥世界拳王“蜘蛛人”安達臣施華、鄭嘉穎、劉心悠、鄧麗欣領銜主演，周國賢、陳鈺蕓、吳岱融、李麗珍、林雪等壹眾實力派演員聯合主演的年度犯罪動作巨制《九龍不敗》將於5月1日正式上映。今日片方曝光壹組“懸案迷情”版情感海報，深入細膩地展現了九龍探長（張晉飾）及王醫師（劉心悠飾）在殘酷連環兇案面前，相互扶持的情誼。二人將如何攜手對抗邪惡，找尋真相，令人期待不已。

今日曝光的情感海報，通過強烈的篇幅對比和明暗色差，突出了人物別具性格的性格特點。赤膊揮拳的九龍剛勁有力，堅定執著的眼神中透露出破案的決心，銅拳鐵臂上隱現的金龍象征正義的化身，幫助九龍揭秘真相。而王醫師背後綻放的寒梅與喧囂通明的城市割裂組合，與九龍的紋身似乎不謀而合。海報上的“金龍現，

真相顯”“寒梅出，迷霧除”更令人好奇，同樣擁有神秘紋身的二人之間有著怎樣複雜的情感糾葛？壹切謎底將於5月1日影片上映後揭曉。

電影《九龍不敗》是張晉與劉心悠的首次合作，在談及印象最深的互示紋身對手戲時，張晉表示拍攝當日自己第壹次看到寒梅紋身，所以反應很真實，在聽到紋身背後的故事時，更情難自已眼眶濕潤，贊嘆劉心悠的演繹很有感染力，讓自己對於找到真兇，保護女性安全的信念更加堅定。而劉心悠則坦言，為了鼓勵九龍，在他面前露出了自己的紋身，這需要很大的勇氣，相信大家去影院看後，也會為之動容。

電影《九龍不敗》講述了香港幹探九龍（張晉飾）在壹起女警連環遇害調查中接連失手，警花女友也在抓捕行動中意外失蹤。備受打擊的九龍，誓不放棄任何蛛絲馬跡，在追蹤尋跡中，他敏銳的意識

到，兇手的真正目的不止是殺害女警！自己似乎才是這場連環兇案的終極目標？

電影《九龍不敗》可算是陳果導演的又壹次自我突破，影片從女性連環兇案的獨特角度切入，擁有極高的社會話題度，通過張晉和“蜘蛛人”安達臣施華對決升級等元素，將壹些很難拍攝，少有人嘗試的類型風格去展現的淋漓盡致。其中對於呼籲創造女性安全環境的人文關懷更是其他影片中鮮有的。第壹次與陳果導演合作的張晉表示“導演有壹種個人的、比較明確的風格，與導演合作最大的感受是會有很多意想不到的東西，比如角色的塑造，導演會用另壹個角度去啟發妳，給人很多的驚喜。”

電影《九龍不敗》由天馬影聯影視文化（北京）有限公司、博納影業集團股份有限公司、天馬電影出品（香港）有限公司、浙江博納影視制作有限公司出品，大名娛樂有限公司聯合出品。

台中花博這次有分為后里、外埔及豐原三大展區、各區都有自己的特色與不同的展覽館，幫大家整理好花博每個展區資訊、交通、購票、營業時間等資訊，就讓我們一起迎接這屬於台中人的慶典。

這次分成三個展區該怎麼逛呢？幫大家先簡單分類一下  
后里馬場森林園區：

1. 后里馬場:喜歡花卉的人，首先推薦花舞館，場內展出上百種花卉，保證讓你目不暇給。親子行程首推馬場園區，馬場園內可近距離欣賞到不同品種馬匹，還能餵食、乘坐、欣賞馬術表演，加上有旋轉木馬、小火車等遊樂設施(部分需另外購票)，根本就是小朋友樂園。<點這看更多花博后里馬場園區>

喜愛農業特色的人不要錯過外埔園區，智農館與幸嚴俾雲植物保護暨環境保護發展基金會合作，展出許多瀕臨滅絕的植物；樂農館直接將耕種稻田搬入展場內，談論土地、作物以及農人的故事，讓你有不同的感受，適合帶小朋友來這寓教於樂、增長知識。

豐原葫蘆墩公園  
葫蘆墩公園以「水岸花都」為主題的園區，目前為全台最長的水岸花廊道，沿著河岸打造裝置藝術，每區都有設置販售區，累了就坐下來休息一下，感受水岸廊道的魅力。園區內還有誦香逢館、竹跡館等展館。豐原區通通免費參觀，傍晚點燈也很漂亮，最適合晚上來這散步浪漫一下也不錯

2. 森林園區:喜歡拍照的各位網美網帥，首推森林園區，園區內除了有發現館、友達微美館、台開積木概念館外，還有聆聽花開的聲音、從天上掉下了一顆種子等裝置藝術，和國際展區、原生秘境等景點，保證讓你拍到不要不要。B:外埔園區:以臺灣農業為主題
