Trump presses for contentious census citizenship question despite legal uncertainty

FILE PHOTO: Balloons decorate an event for community activists and local government leaders to mark the one-year-out launch of the 2020 Census efforts in Boston, Massachusetts, U.S., April 1, 2019. REUTERS/Brian Snyder

WASHINGTON (Reuters) - The Trump administration on Friday refused to back down over its bid to put a contentious citizenship question on the 2020 U.S. census, meaning a court case will move forward over whether officials were motivated by racial bias in seeking to add it.

The Department of Justice told Maryland-based U.S. District Judge George Hazel it has not made a final determination on whether to add the question even as President Donald Trump told reporters he was considering issuing an executive order to do it. Hazel, who had asked for a final decision from the government by Friday afternoon on whether it intended to press forward, issued an order saying the case will now move ahead.

In New York, the American Civil Liberties Union (ACLU) and its partners asked a federal judge to block the administration from adding a citizenship question to the census. The group said the administration had successfully received an expedited hearing by arguing the census questionnaire had to be finalized by June 30. Given the abandonment of that deadline, they urged the judge to use his authority to "prohibit defendants from concocting a new basis to add a citizenship question" and to stop the government's "shenanigans."

Civil rights groups and some states strongly object to the citizenship question proposal, calling it a Republican ploy to scare immigrants into not participating in the census. That would lead to a population undercount in Democratic-leaning areas with high immigrant populations.

They say that officials lied about their motivations for adding the question and that the move would help Trump's fellow Republicans gain seats in the U.S. House of Representatives and state legislatures when new electoral district boundaries are drawn.

The Supreme Court on June 27 blocked Trump's first effort to add the question, faulting the administration's stated reason. The legal fight seemed to be over earlier in the week when the government said it would start printing census forms without the citizenship question. But the battle reignited on Wednesday when Trump reversed course via tweet. "We're working on a lot of things including an executive order," Trump told reporters on Friday outside the White House as he left for his resort in Bedminster, New Jersey.

Iran to announce more cuts to nuclear deal commitments on Sunday-

DUBAI (Reuters) - Iran's senior nuclear negotiator will announce more cuts in its commitments to a 2015 nuclear deal on Sunday, a semi-official news agency reported, amid Iranian accusations that Tehran's European partners have failed to shield it from U.S. sanctions.

Other officials will join the top negotiator, Abbas Araqchi, in making the announcement at a news conference at 10:30 a.m. (0600 GMT), the Fars news agency reported.

Tension has spiked between Tehran and Washington since last year, when Trump quit a 2015 nuclear deal between Iran and six powers and reimposed sanctions that had been lifted under the pact in return for Tehran curbing its sensitive nuclear work.

Under the deal, Iran can enrich uranium to 3.67 percent fissile material, well below the 20 percent it was reaching before the deal and the roughly 90 percent suitable for a nuclear weapon. In reaction to U.S. sanctions, which have notably targeted its main foreign revenue stream in the shape of crude oil exports, Iran said in May that it would scale back its commitments to the deal after a 60-day deadline.

Separately, Ali Akbar Velayati, a senior adviser to Supreme Leader Ayatollah Ali Khamenei, said Iranian officials were unanimous in raising the level of uranium enrichment beyond the 3.67% set in the nuclear accord, in remarks posted on Khamenei's officials website.

"For example, we need uranium enriched to 5% for use in the Bushehr (power plant) and this is a completely peaceful purpose," Velayati said, hinting that this might be the first step Iran might take in raising the enrichment level.

A 'Dead Zone' The Size Of Massachusetts Could Hit The Gulf Of Mexico This Summer

The rising waters of the Gulf of Mexico crash at the shoreline of the Treasure Island community of West Galveston Island, Texas March 6, 2014. (Photo Reuters)

By Guest Writer Nsikan Akpan, digital science producer for PBS NewsHour and co-creator of the award-winning, NewsHour digital series ScienceScope.

Compiled And Edited By John T. Robbins, Southern Daily Editor

April showers might mean May flowers, but this year's May showers could bring a giant choking swarm of death to wildlife in the Gulf of Mexico.

On Monday, the National Oceanic and Atmospheric Administration released its annual Gulf forecast for this summer's "dead zone" — a pocket of little to no oxygen created by overgrown algal blooms of phytoplankton. When the blooms die along the coast — a cycle that happens each year — their rotting corpses cause bacteria to suck up all the oxygen from the ocean, killing off other marine life, like shrimp, fish and molluscs. NOAA forecasts a dead zone that spans approximately 7,800 square miles, which could be about as big as the state of New Jersey, or in more ominous estimates, Massachusetts. If this prediction holds true, this event would be the second largest on the list of Gulf dead zones in more than three decades, though measurements only date back to 1985.

This year's forecasted dead zone would be 50 percent larger than the average seen in the last five years.

Why is this year so much worse? There are a few factors at play. Rainfall in May

is one of the drivers of the Gulf's dead zone. May 2019 capped off the wettest 12 months in U.S. history. Severe storms, including more than 500 tornadoes in a 30-day span, battered the Midwest and South, causing widespread flooding across much of the nation's farmland.

"Even if farms ceased using nitrogen-based fertilizers today, it would take 30 years for agrochemicals in the soil to shrink to a level that didn't cause dead zones."

But "nutrients lay the groundwork for the dead zone," said David Scheurer, an oceanographer and deputy director of competitive research program at NOAA's National Ocean Service.

While the wet spring and historic flooding played a role, these nutrients — like the industrial fertilizers used by American farmers and animal waste that runs off into fresh waterways during rainfall and floods — also supercharges the growth of microorganisms.

In addition to the toxic consequences for the creatures that live in and around the Gulf, a dead zone of this size may affect the price of your seafood. Here's what you need to know.

The predicted size of Gulf dead zones (dark) versus the final observations (light), 1985 to 2019. (Image/Virginia Institute of Marine Science)

How NOAA forecasts dead zones

NOAA's forecast for the annual hypoxic zone — the technical name for a dead zone — is actually a compilation of predictions made by five universities: the University of Michigan, Louisiana State University, William & Mary's Virginia Institute of Marine Science, North Carolina State University and Dalhousie University in Nova Scotia, Canada.

All of the models have a good reputation for predicting the size of the dead zone — typically pinning down about 70 percent of the variability from year-to-year. For example, here are the predictions versus the final observations made by the Virginia Institute of Marine Science over the last 35 years:

"Each [of these forecasts] work with slightly different assumptions," Scheurer said. "Some weigh the physical effects from the dead zone to different degrees. Some look at nutrient loading slightly different."

The nutrient load refers to the amount of nitrogen (namely nitrate) and phosphorus that wash into watersheds of the Mississippi and Atchafalaya rivers, and then consequently into the Gulf of Mexico. Both nitrate and phosphorus are common ingredients in agrochemicals, and both can fuel algal blooms.

At 8,776 square miles, 2017's dead zone in the Gulf of Mexico was the largest ever measured (pictured). If

the 2019 forecast rings true, this year's dead zone could resemble the one from 2017. (Image/LSU)

In the case of the Gulf of Mexico dead zone, the nitrogen plays an outsized role. May's rainfall washed more than 156,000 metric tons of nitrate and 25,300 metric tons of phosphorus into the Gulf of Mexico, according to estimates from the U.S. Geological Survey.

More than half of that nitrate comes from agricultural activities in the surrounding watershed, said Nancy Rabalais, a Louisiana State University ocean ecologist, who co-authored one of the university forecasts.

Because of the heavy rains, this pollution discharge was 18 percent and 49 percent above the long-term average, respectively, even though many farmers hadn't had the opportunity to plant this year's crops. That could be because the farmers used more fertilizer last year — or, because the rains were so frequent this winter and spring.

"So there's still a history in the soil that could be washed out during a flood year," Rabalais said. Case in point: A 2018 study found even if farms ceased using nitrogen today, it would take 30 years for agrochemicals in the soil to shrink to a level that didn't cause dead zones.

Why it matters

We'll know the final verdict on this year's dead zone in late July, when marine scientists will cruise around the Gulf shore, capturing physical observations of the hypoxic zone. That time of year is typically when the size of the dead zone peaks, but it also represents the tail end of shrimping season.

"When the hypoxic zone is present you can't catch shrimp over an area as large as the size of the state of New Jersey,

which means a reduced catch," Rabalais said.

The dead zone builds over months, in the pockets of water where trawlers catch large shrimp. A bigger dead zone means those shrimp boats must travel farther offshore.

"It costs more to get offshore to get the larger shrimp outside of the low-oxygen zone, and of course that drives the price," Rabalais said.

Deckhand David Merrick shows some of the catch after returning from a two-day shrimp haul at Joshua's Marina in Buras, Louisiana May 17, 2010. (Photo/Reuters)

A 2017 study estimated that every time the Gulf's dead zone increases by 6 percent (400 square miles) over the average, the price of large shrimp rises by 1 percent. Small shrimp live closer to shore and are less affected by dead zones but also bring in less money for states like Louisiana.

Shrimpers along the Gulf Coast operate on fine margins — with the average person netting about \$55,000 per year — so even small fluctuations may affect people's livelihoods. Shrimp in Louisiana, overall, contributes \$170 million to the state's economy.

"It's going to take work in the watershed to try to reduce the nutrients before they get to the Mississippi River — that includes a whole suite of best management practices including cover crops, buffer strips, less fertilizer and more diversity in farming techniques," Rabalais said. "These practices are employed on a small scale, but not on the large scale that's needed to prevent dead zones." (Courtesy <https://www.pbs.org/news-hour/science>)

Broad U.S. antitrust action against Big Tech moved firmly from the speculative realm to the investigative mode in the last few days, as both Congress and regulatory agencies appeared to be moving forward with inquiries.

The big picture: While the pressure on the likes of Google, Facebook, Amazon and Apple has been mounting for years, the one-two punch of a public Congressional investigation into their dominance and possible antitrust probes by regulators marks a major escalation in tensions.

•Last year saw high-profile testimony by CEOs like Facebook's Mark Zuckerberg, but the action will now shift to more mundane yet substantial document and evidence gathering that would form the basis of court cases or settlements.

The House Judiciary Committee said Monday that it was launching a bipartisan investigation into whether big tech platforms are engaged in monopolistic practices.

•A person familiar with the investigation said that, in addition to public hearings, the inquiry would include requesting documents from a wide range of companies.

•That could allow the committee to receive information from small competitors of the tech giants who would otherwise be wary of testifying publicly, the person said.

“Given the growing tide of concentration and consolidation across our economy, it is vital that we investigate the current state of competition in digital markets and the health of the antitrust laws,” said Rep. Jerrold Nadler (D-N.Y.), the committee's chairman.

•Tech stocks fell in Monday trading as the

Federal Government Starting To Apply Antitrust Heat On Big Tech

Compiled And Edited By John T. Robbins, Southern Daily Editor

federal interest in the companies came into focus.

Between the lines: The investigation could help lawmakers develop a factual record to shape legislation overhauling the nation's antitrust laws, which reformers say are inadequate for reining in corporate power as it exists today.

The announcement followed reporting over the weekend and into Monday that the Justice Department and the Federal Trade Commission had split up the field of investigations into anti-competitive behavior by tech giants.

•DOJ got Apple and Google, according to the Wall Street Journal and Reuters.

•FTC got Amazon and Facebook, according to the Washington Post and the Journal.

•While the agencies' plans remain somewhat unclear, the Journal reported that interest in investigating Google and Facebook was more advanced.

Why it matters: Of the many ways critics want to address concerns about Big Tech, antitrust action has always been among the most significant — although it was largely seen as the least likely route.

•It could result in action as serious as the firms being broken up, but even if it doesn't, it could seriously distract the platforms' efforts to grow their main businesses and anticipate new waves of tech innovation. Microsoft learned this lesson the hard way after its antitrust fight with Washington two

decades ago.

Looking Ahead: Congressional hearings on the issue will unfold in the coming months, and signs that DOJ and FTC are moving forward with formal investigations into the tech giants could leak out in the form of official inquiries sent to the companies or their competitors.

Once inquiries like this get started, they develop their own momentum even as they proceed at what feels like a leaden pace to tech insiders. These companies likely face years of entanglement. (Courtesy axios.com)

Big Tech grilled on hate speech, accountability at Code Conference

The attacks on the tech industry were many and frequent throughout the first two days of the Code Conference.

Why it matters: There has always been a measure of skepticism on stage at Code, but this year the negative side of tech was the

primary focus, with only occasional mentions of new products or technology.

Vox's Ezra Klein, RAICES' Erika Andiola and RAICES' Jonathan Ryan (from left to right). (Photo/Vox Media) Details:

•**Hate speech:** On Monday night, executives from Facebook, YouTube and Twitter were all peppered with questions about their role in allowing hate speech and harassment to flourish on their platforms.

•**Immigration:** On Tuesday, the CEO of immigration rights center RAICES, Jonathan Ryan, argued that the tech industry is enabling the Trump administration's violation of immigration rights at the border. He called out Palantir, Amazon, Salesforce, Dell and Hewlett Packard Enterprise as among the firms making the work of ICE possible. “The tech industry deserves a lot of blame for what is happening on our borders,” Ryan said. (Full video here.)

•**Accountability:** Later in the day, author Baratunde Thurston highlighted some of the points in his New Tech Manifesto. He called on attendees to push for a tech industry that collects less data and is more transparent and accountable, but also is attuned to the potential misuse of their creations. He added, “we should start treating people's data as a part of their property.” (Courtesy axios.com)

使徒行者2 張家輝 古天樂 吳鎮宇 三雄對峙

由樂易玲、劉偉強監制，文偉鴻執導，古天樂、張家輝、吳鎮宇主演，姜珮瑤、馬德鐘、張亦馳、劉宇寧聯合出演，黃誌忠特別出演的警匪動作片《使徒行者2：諜影行動》即將於8月9日登陸全國院線。日前，影片曝光壹組“黑白兩道”劇照，極致風格化的影調將影片正邪對峙、壹觸即發的緊張氣氛渲染得淋漓盡致，冷峻凌厲的光影虛實之間更是殺機四伏。

與此前曝光的幾組劇照不同，這組黑白照更加冷靜、抽離，不僅展現了影片霸氣十足的大片氣場，幾位主人公的互動更讓複雜的人物關係初見端倪：“古輝CP”在半透明的玻璃幕牆前互為虛實，古天樂眼神有所回避似有心事，張家輝由神情凝重到迷之微笑，吳鎮宇則緊張地審視眼前的壹切，若有所思。三人各懷心事，若即若離，令人好奇他們在片中是敵是友。其他幾個人物的亮相也頗令人驚喜：姜珮瑤渾身血漬，仿佛剛剛經歷壹場慘痛的戰鬥驚魂未定；張亦馳眼神邪魅，好像對即將到來的大戰胸有成竹；首次現身的馬德鐘則神情冷峻，似乎對整個局勢另有壹番看法。高速運動的光斑點綴在深不可測的黑暗中，影影綽綽，暗流湧動，壹場惡戰在所難免。

《使徒行者2：諜影行動》是《使徒行者》的續集電影，保留了前作三大經典元素：警匪、臥底、兄弟情，以及導演及主演等金牌陣容。但《使徒2》卻是以全新的人物關係展開故事。兄弟戰場也由前作的巴西變身為此次的緬甸、西班牙，張家輝、古天樂、吳鎮宇鐵三角將以新身份演繹全新的諜影行動。

影片由壹份暗網解鎖的黑警信息作為導火索，警界由此陷入前所未有的恐慌。為保護證據，警界內部敵友難分，真假難測。而影片slogan殊途重聚，卻又似乎暗示了無論彼此身處不同陣營，黑白兩道，割舍不掉的永遠是兄弟情義。

《使徒行者2：諜影行動》將於8月9日全國上映。

《烈火英雄》高強度特訓演員100天

根據鮑爾吉·原野的長篇報告文學《最深的水是淚水》改編，由劉偉強、李錦文監制，陳國輝導演，由黃曉明、杜江、譚卓領銜主演，楊紫、歐豪特別出演，侯勇友情出演，張哲瀚、谷嘉誠、印小天、高戈聯合出演的電影《烈火英雄》，將於今年8月1日正式上映。為了讓這部首次全景聚焦消防員群體、講述消防員真實工作和生活的影片給人以真實震撼之感，陳國輝導演不但要求在片場“放真火”和打造1:1的真實場景，還秉承著“不用替身、不依賴特效”的原則，要求演員們在進組前參加為期100天的特訓，而演員們也全力投入其中，跟真正的消防員壹起接受了各種嚴格的訓練：挑戰繩索速降，攀登消防梯，挑戰8秒穿好消防服……正是因為這樣臺前幕後的齊心協力，才把《烈火英雄》的真實感提到最高，將危險度降到最低，保證了影片的精彩和震撼程度。

除了體力和膽量的考驗，演員們還需要了解消防員的日常，最簡單的就從穿消防服開始。“壹開始穿好壹套消防服需要壹分半鐘，但是最快的消防員只需要8秒就可以完成。”為此黃曉明不停地訓練，最後才把時間縮短到了十幾秒：“雖然跟真正的消防員比起來還是慢，但我知道消防員之所以可以做到快速穿好消防服，是因為他們不停地訓練了無數次，這是我們無法想象的。”

導演陳國輝坦言，之所以要讓演員們花上100天的時間去接受這個訓練，壹是為了真實，二也是為了避免拍攝時受傷：“因為現場放的都是真實的火，這個火的範圍有壹個足球場那麼大，在這樣的場景裏，要演員穿著幾十公斤重的消防裝

備，加上拍攝現場每天壹千多人的各種配合，如果不參與這個特訓，演員們很難安全地完成影片的拍攝，所以他們真的很不容易，我覺得能克服自己內心恐懼的人都是英雄。”

雖然拍攝前的消防特訓已經十分辛苦，演員們也都全力以赴，但在實際拍攝中還是會有各種意想不到的事情發生。導演陳國輝就在採訪中表示，無論是黃曉明還是杜江、歐豪，都在拍攝中遇到過差點受傷、窒息的狀況。

陳國輝導演透露，影片中有個鏡頭需要黃曉明從高處直接跳到火海中去，當時他對黃曉明說“這個沒有替身演員，妳要自己來”，本以為要花費壹番力氣去說服對方，可是沒想到黃曉明絲毫沒有猶豫就答應下來，讓他非常感動。“不

過當然是很安全的，我們都有提前測試過，而且現場也有安全人員，監制劉偉強導演也提供了很多安全保障給我們，所以是沒問題的。”陳國輝導演說。

陳國輝導演還透露，有壹場戲是需要杜江站在360度的大火中間完成，但等到開拍時，杜江才意識到自己所處空間的氧氣被大火迅速“抽幹”了，導演發現杜江的表情不對立刻停拍，之後的壹周裏杜江壹直咳嗽，還從喉嚨裏咳出黑色的煙灰，“我本來想叫他休息幾天才拍，但他堅持繼續，所以妳們聽到預告裏他說話的聲音都是啞的，這場戲我特意用了他的原聲，因為那種沙啞的嗓音是後期配不出來的。”

同樣在拍戲時差點“窒息”的還有同樣飾演消防員的歐豪，只不過他是在水下。為了完成那場戲的拍攝，歐豪長時間泡在溫度只有零下攝氏度的水裏，全程拼盡全力從不叫苦叫累。在陳國輝導演看來，他就像個“真正的天不怕地不怕的戰士”。

博納影業集團總裁於冬表示，《烈火英雄》是博納影業獻禮新中國成立七十周年中國驕傲三部曲的第壹部，該片不僅大規模展現史無前例的火災場面和英勇熱血的消防救援，更是將最真實的消防員形象與最動人的英雄故事搬上大銀幕。

《烈火英雄》由博納影業集團股份有限公司、亞太華影（北京）影業有限公司、哥倫比亞電影制作（亞洲）有限公司、阿裏巴巴影業（北京）有限公司、華夏電影發行有限責任公司等出品，劉偉強、李錦文監制，陳國輝導演，由黃曉明、杜江、譚卓領銜主演，楊紫、歐豪特別出演，侯勇友情出演，張哲瀚、谷嘉誠、印小天、高戈聯合出演。影片根據鮑爾吉·原野的長篇報告文學《最深的水是淚水》改編，將於8月1日正式上映。

美南廣播電視台 看電視聽廣播

美南國際電視STV15.3為方便觀眾收看，「電視廣播合為一體」

不需任何付費，觀眾可24小時直接收看及收聽該頻道，行車間也可方便收聽，輕鬆獲取美南電視節目以及各類國際、社區重大資訊。

操作指南如下，讓觀眾24小時收看收聽：

1. 掃二維碼(QR code)：

觀眾只要掃描報上的二維碼，就可連結到美南國際電視，直接在手機上觀看STV15.3。

2. Google搜尋：觀眾只要在Google網站搜尋「Southern TV - STV15.3 Houston」

STV15.3 Houston

或輸入該平台網址

「<http://media.maqtv.com/?1497381&proc=1>」

就可直接連結美南國際電視直播平台。

<http://media.maqtv.com/?1497381&proc=1>

3. 下載Apps收看：

可在蘋果商店搜尋

「Today America」，下載Apps，除了可用手機讀報更方便，也可以在Apps裡收看STV15.3 電視直播。

如需開車時收聽廣播，請鏈接到車載音響設備(數據線/藍牙設備)，效果更佳。

《文華時間》

《新聞面對面》

最專業最即時多元的新聞報導，國際時事、社區動態、生活藝文資訊、氣象和路況報導。

美南新聞聯播，每週一到週五晚6點30 全球直播，掌握世界新聞脈動

美南新聞聯播

美南國際電視15.3日前「電視廣播合為一體」全球直播上線，手機掃描二維碼就可24小時觀看該頻道，獲得廣大迴響；為廣大觀眾，讓新聞播報更即時，美南國際電視STV15.3即將在6月18日全球直播新聞「美南新聞聯播」，新聞播報時間為週一至週五晚6:30-7:30，讓觀眾行車間也可以方便收聽，掌握國際和社區重大新聞資訊。

美南國際電視15.3創下華人媒體創舉，將電視與廣播融為一體，帶給觀眾不同體驗。全球新聞「美南新聞聯播」將採用全新直播陣容，用專業新聞態度為社區觀眾帶來最即時多元的新聞報導。

「美南新聞聯播」囊括國際時事、社區動態、生活藝文資訊三大版塊，播報新聞同時也會穿插氣象和路況報導，觀眾可利用網站搜尋、微信連結或下載Apps方式，行車間連接到車載音響設備(數據機/藍芽設備)，可收看及收聽該頻道。

德州天津同鄉會2019聯歡年會記盛

德州天津同乡会6月22日在中国熊猫餐厅成功举办了2019联欢年会，来自大休斯敦地区天津老乡及侨学界近一百五十人参加了盛会。陈亭会长首先讲话并介绍嘉宾，接着，中国驻休斯顿总领馆侨务处葛明东处长和刘一然领事致辞，美国国会议员希拉.杰克森.李的亚裔代表罗玲女士致辞，中国人活动中心执行长范玉新博士致辞，致辞的还有：山东同乡会副会长江岳和旅美专家协会会长王晋军。

离不开在座的天津老乡们的支持，离不开天津同乡会全体理事们的共同努力。

出席联欢年会的侨领还有：杨德清会长，刘妍副执行长，陈文律师，杨家骅会长，董革团长，梁成运主席，李守栋会长，陈毓玲团长，徐瑜会长，程世法会长，王绍安会长，陈晰晴会长，张燕晓会长，张玲副团长，江丽君会长，作家老路先生，会计师李培元，抗洪英雄刘三姐，房地产精英王艺达等。

陈亭会长感谢在场的所有嘉宾，她说：天津同乡会之所以能不断成长、壮大，离不开领馆和各个社团的支持
