U.S. Senator Rubio calls for review of TikTok's merger with Musical.ly

WASHINGTON (Reuters) - U.S. Senator Marco Rubio on Wednesday asked the Committee on Foreign Investment in the United States (CFIUS) to review TikTok owner Beijing ByteDance Technology Co's acquisition of Musical.ly.

FILE PHOTO: People are seen at the Bytedance Technology booth at the Digital China exhibition in Fuzhou, Fujian province, China May 5, 2019. REUTERS/Stringer/File Photo In a letter to Treasury Secretary Steven Mnuchin, Rubio said Chinese-owned apps "are increasingly being used to censor content and silence open discussion on topics deemed sensitive by the Chinese Government and Communist Party."

ByteDance, one of China's fastest growing start-ups, owns the country's leading news aggregator Jinri Toutiao as well as TikTok, which has attracted celebrities like Ariana Grande and Katy Perry along with legions of U.S. teenagers.

A U.S. TikTok spokeswoman said the company "stores all U.S. user data in the U.S. Our content and moderation policies are led by our U.S.-based team and are not influenced by any foreign government. The Chinese government does not request that TikTok censor content, and would not have jurisdiction regardless, as TikTok does not operate there."

Treasury did not immediately comment.

The company's Chinese ownership and sudden spike in

popularity have raised national security concerns among U.S. lawmakers, who are still reeling from revelations that Russia used social media platforms to meddle in the 2016 U.S. presidential election.

Congress cannot compel CFIUS to review individual cases, but the powerful committee does have jurisdiction to review prior deals in perpetuity.

Rubio said China "is using these apps to advance their foreign policy and globally suppress freedom of speech, expression, and other freedoms that we as Americans so deeply cherish."

Chinese gaming company Beijing Kunlun Tech Co Ltd (300418.SZ) earlier this year agreed to a request by CFI-US to sell popular gay dating app Grindr, which it had owned since 2016.

Kunlun drew U.S. ire after it gave some Beijing-based engineers access to personal information of millions of Americans such as private messages and HIV status.

ByteDance bought Musical.ly for nearly \$1 billion in December 2017. It later shuttered Musical ly and moved users to a revamped version of its own TikTok app, which serves non-Chinese markets.

Musical.ly, released in 2014, and TikTok, launched in

2016, both enable users to create and share short singing and dancing videos that are set to well-known songs, with numerous special effect filters.

The company's original app Douyin is similar to TikTok but is only available in China and complies with local censorship requirements.

ByteDance counts venture firm Sequoia Capital and big private-equity firms such as KKR, General Atlantic and Hillhouse Capital Group as backers, sources have told Reuters.

Chinese organizers cancel NBA fan event amid free speech row

SHANGHAI (Reuters) - Chinese organizers on Wednesday canceled a fan event on the eve of a National Basketball Association (NBA) exhibition game in Shanghai, the latest fallout in a growing dispute over a tweet by a team official supporting the recent protests in Hong Kong.

Chinese sponsors and partners have been cutting ties with the NBA after the Twitter post by Houston Rockets General Manager Daryl Morey last week supporting anti-government protests in the Chinese-ruled city.

The Shanghai Sports Federation said the cancellation of the fan event ahead of Thursday's game between the Brooklyn Nets and Los Angeles Lakers was due to the "inappropriate attitude" of Morey and NBA Commissioner Adam Silver. Chinese fans fume at NBA as fallout from free speech row spreads

A Wednesday afternoon news conference with both teams was indefinitely delayed, organizers said. Outside the team hotel, workers tore down massive banners advertising the game, according to a Reuters witness.

The Hong Kong protests were sparked by opposition to a bill allowing extradition to mainland China, but have evolved into broader calls for democracy. China has accused the West of stirring up anti-Beijing sentiment in Hong Kong. The NBA controversy also comes against the backdrop of the U.S.-China trade war that escalated after Washington imposed visa restrictions on Chinese officials on Tuesday.

Silver said on Tuesday the league supported Morey's right to exercise his freedom of expression, further angering authorities and some fans in China and threatening the NBA's business there, said to be worth more than \$4 billion. Morey deleted the tweet and apologized on Monday, but Chinese broadcasters, sportswear companies and sponsors have said they are reviewing their ties with the NBA, which has had a presence in China since 1992.

The NBA initially described the anger over Morey's post as "regrettable," drawing criticism from U.S. politicians, who accused the league of putting its China business ahead of free speech.

Silver, speaking in Japan before a preseason game between the Rockets and Toronto Raptors, said it was not up to the league to regulate what players, employees and team owners

said.

On Tuesday night, during a preseason game between the NBA's 76ers and the Guangzhou Loong Lions of the Chinese Basketball Association, security at Wells Fargo Center in Philadelphia confiscated signs from a couple that read "Free Hong Kong" and "Free HK." Security later removed the couple from the game after they yelled, "Free Hong Kong," a local NBC affiliate reported.

Security personnel are seen at the venue that was scheduled to hold fan events ahead of an NBA China game between Brooklyn Nets and Los Angeles Lakers, at the Oriental Sports Center in Shanghai, China October 9, 2019. REUTERS/Aly Song Security officials warned the couple following multiple complaints from guests and verbal confrontations with others in attendance, the team said in a statement.

"Ultimately, the decision was made by Wells Fargo Center personnel to remove the guests from the premises, which was accomplished without incident," the team said.

On Wednesday, an editorial in the official English-language China Daily accused Silver of "brazenly endorsing Morey's secessionist-supporting tweet" and giving "a shot to the arms of the rioters of Hong Kong."

"If Silver thinks endorsing the indiscriminate violence the radical Hong Kong protesters are resorting to ... is supporting freedom of expression, then he should think again," it said. 'I JUST DON'T UNDERSTAND'

Some fans expressed dismay at the way the controversy had spread, while voicing their support for Beijing's view. "I'm patriotic of course. I support that Hong Kong is part of China, but I just don't understand this," said Yu Jie, a fan waiting to see the players in Shanghai.

The Global Times, a Chinese tabloid published by the ruling Communist Party's People's Daily newspaper, accused Silver of caving in to political pressure, saying the NBA was treating the Chinese market with disregard.

COMMUNITY

Sometime soon, millions of people may find themselves unwittingly involved in a test that could profoundly change their daily routines, local economies and civic lives.

They'll have to figure out how to keep up with City Hall, their neighborhoods and their kids' schools — as well as store openings, new products and sales - without a 170-year-old staple of daily life: a local newspaper.

At least one city — possibly San Francisco, Miami, Minneapolis or Cleveland — likely will soon lose its last daily newspaper, analysts say. And it "could be a lot more widespread than people have been predicting," says Mike Simonton, who tracks media debt for Fitch Ratings.

It's hard to ignore that possibility as the pace of newspaper closings accelerates.

Starting Wednesday, Hearst's 146-yearold Seattle Post-Intelligencer survives as a scaled-down online publication offering mostly commentary. That leaves The Seattle Times as the city's only major paper-and-ink

Gannett gci, parent of USA TODAY, may shutter the 140-year-old Tucson Citizen, which competes with the Arizona Daily Star, if a buyer can't be found.

Last month, E.W. Scripps ssp closed the Rocky Mountain News, leaving The Denver Post as the city's sole major daily.

Are these symptoms of a miserable economy that's pulverizing a handful of high-profile papers, including some owned by companies

with unusually crushing debt loads? Or have we reached a tipping point where advertisers and readers are flocking so quickly to digital media that most of the nation's 1,400 dailies may end up in the morgue?

Industry watchers aren't sure, although some say it's too early to start hanging crepe. "Publishers and journalists have become their own worst enemy," says Robert Picard, a media economics scholar who edits the Journal of Media Business Studies. "They are running around arguing that the sky is falling. And they're making the situation appear far worse than it is."

About 80% of newspaper revenue comes from advertising, and the Newspaper Association of America expects those sales to drop 9.7% in 2009 to \$34.2 billion, after falling 16.5% in 2008.

"Advertising has fallen off a cliff," says Randy Bennett, senior vice president of business development at the NAA. "The question is how much of that will come back when things pick up again. And the expecta-

tion is, certainly not all of it."

Business models

Almost everyone agrees that newspapers must reinvent their business models. Experiments include The New York Times' plan to enlist journalism students to help cover some neighborhoods in Brooklyn and New Jersey. The East Valley Tribune in Mesa, Ariz., recently began to offer free home delivery four days a week to neighborhoods with families that appeal to advertisers.

Some experts say that it's time to consider extraordinary measures, including government bailouts, to ensure that no community has its newsrooms go dark.

"We need to view journalism in the same way that we view libraries and public schools, as absolutely essential to any prospering community," says Theodore Glasser, professor of communications at Stanford University. "A lot of good stuff is published by newspapers so that public officials see it and act accordingly. That's the power of the press. And that's the first thing being cut." Others say not to worry: The Internet and the market will empower professional journalists, bloggers and interest groups to independently provide all the local news anyone could want.

"There's going to be an ecosystem, a network of different players involved in news for different reasons," says Jeff Jarvis, who runs the City University of New York's interactive iournalism program.

Traditional newspapers won't be part of the mix, though: They "aren't willing to cannibalize and disrupt themselves,"

Jarvis says. "It's too late. ... It's going to be a post-Armageddon rebuilding.' Over the past few months:

• The Detroit Free Press and The Detroit News announced plans to cut home delivery to three days a week beginning March 30 and urged readers to go online to follow the news on other days.

· Virtually every major newspaper announced staff cuts. McClatchy mni— which owns The Miami Herald, The Kansas City Star and the Fort Worth Star-Telegramsaid in February that it would slash 15% of its workforce, on top of a 10% cut late last year. "By the end of 2009, a quarter of all the newsroom jobs that existed in 2001 will be gone," the Pew Project for Excellence in Journalism said this week in its annual "The State of the News Media" report.

• Those keeping their jobs have seen salaries cut. Gannett required virtually all employees to take a one-week unpaid furlough in the first quarter.

 Publicly traded publishers collectively lost about 39% of their market value since Jan. 1, underperforming the benchmark Standard & Poor's 500 index, which is down 16.5%. Looked at another way, the \$5.4 billion that Rupert Murdoch paid in 2007 for Wall Street Journal parent Dow Jones nwsa could buy Gannett, McClatchy, New York Times Co. nyt, Washington Post Co. wpo, A.H. Belo ahc and E.W. Scripps with about \$750 million to spare, based on current values.

Serving Since 1979 NO 10245

• Publishers in Philadelphia and Minneapolis as well as the Journal Register, a chain in the northeast and Michigan, filed for Chapter 11 bankruptcy protection. That followed a similar filing in December by Tribune Co., publisher of Chicago Tribune, Los Angeles Times and The-Sun in Baltimore.

Double-digit profit margins

Tough times? You bet. But one has to imagine an epic social and economic transformation to conclude that the newspaper industry is at death's door.

Nearly half of all adults read a newspaper every day and spent \$10.5 billion last year to do so. The average newspaper generates about a 10% profit margin.

"It's not the 20% to 30% they were enjoying several years ago," Bennett says. "But it's still an enviable profit margin for many businesses."

That's overlooked with all of the attention on large local papers that are especially vulnerable to the soft economy.

Advertisers in big cities have plenty of options to reach consumers, and newspapers are one of the most expensive. They typically charge about \$25 for every 1,000 people who might see an ad covering one-third of a page. That's a lot more than the cost to reach a similar audience via radio, magazines, billboards and websites. Advertisers outside of big cities have far fewer alternatives. As a result, "Smaller-market newspapers are in better financial shape," Bennett says.

Most large publishers also are straining to pay off heavy debt they took on before the economy fell into a tailspin.

Although large local newspapers have the biggest problems, everyone is struggling to keep ad sales and readers. That includes national dailies led by USA TODAY, The Wall Street Journal and The New York Times, although they benefit from economies of scale and strong brand identities.

Nearly 67% of homes have an Internet connection. That opens them to sites offering almost everything found in newspapers, including national and global news, business, opinion, entertainment, sports, comics and horoscopes.

That's why some experts say local newspapers should concentrate on local news and events and become less stuffy.

"This was a much more fun business years ago when people didn't hold themselves to such high standards," says former Merrill

Lynch analyst Lauren Rich Fine, now at Kent State University. "There are different ways to (report the news) and not be so hard on yourself if you get it wrong."

It's hard to predict how many people want local news enough to pay a price that, as ad sales shrink, could be much higher than now — or to pay any fee to read stories online, where most papers now offer them free. "If you look at public radio and the troubles their outlets have raising money for public affairs journalism, it might give you pause," says James Hamilton, who runs Duke University's DeWitt Wallace Center for Media and Democracy.

Before about 1840, when the Penny Press turned newspapers into an inexpensive mass medium, 15% of the population spent the equivalent in today's dollars of as much as \$4 a day for a newspaper, Picard says.

Digital media evangelists say the future will be much different. About 85% of a newspaper's costs go to things such as presses. paper, ink and trucks. Without those costs, even modest ad sales could support lots of people to provide local news and information without charge.

'There's a market demand for quality journalism and reporting," Jarvis says. What's the evidence? "Based on democracy. Based on the intelligence of the audience. Based on the fact that my son reads more news than ever. Based on the fact that we need it." Some journalists agree, working with

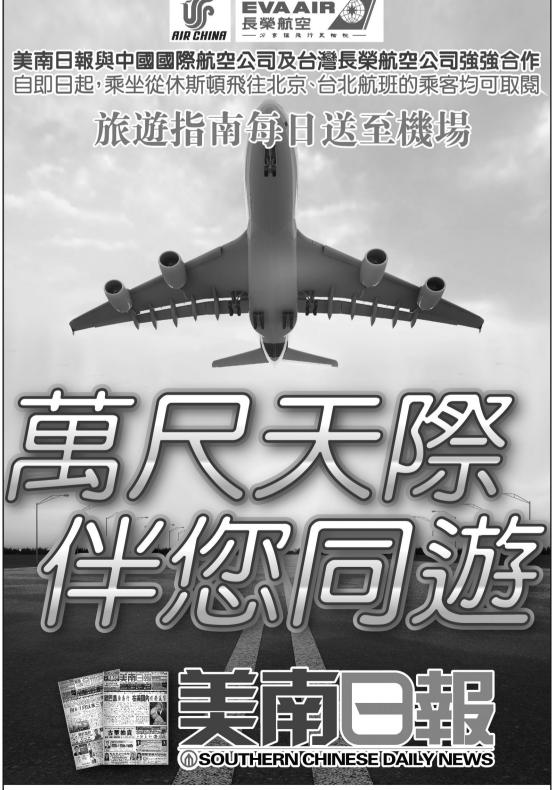

non-profit online publications including Voiceofsandiego.org, the St. Louis Beacon and Minneapolis' MinnPost.com1'. 'Several former Rocky Mountain News em-

ployees plan to start InDenverTimes.com in May if they can persuade 50,000 people to pay \$4.99 a month for a year. Glasser doubts that such ventures can com-

pensate for the loss of newspaper newsrooms. "I've seen nothing in the blogosphere that provides the sustained, systematic coverage that a good newsroom provides. Not even close," he says.

If he's right, then the consequences from current trends could be ugly.

'We'll know if things don't work out if there's an increase in corruption," Hamilton says. "When the watchdog goes away, what happens? That's the experiment we're starting to run." (Courtesy abenews.go.com)

BUSINESS

Most Americans have filed their income taxes by midnight Monday, April 15, and employers will report their payroll taxes later this month. But companies that have replaced or expanded their flesh-and-blood staff with robots will get a free pass.

What's new: Amid fears of automation-fueled job loss, a once-fringe debate is exploding into public view: Why don't we tax the bots?

The big picture: For over a century and a half, the United States has taxed income, first to fund war and later to build up the country's coffers. But now, some experts say it's time to reevaluate who — or what — should be taxed.

- •The idea is to use money raised from companies carrying out automation to help retrain or support people who lose their jobs because of it.
- •Among the robot levy's most ardent and improbable supporters is Bill Gates, who in a 2017 interview said robots should be taxed "at a similar level" to the humans it replaced, even if that slows the speed of automation.
- •Pumping the brakes will give policymakers more time to counteract potential unemployment, proponents argue.
- "It's a bit like polluting the environment," says James Manyika, director of the McKinsey Global Institute. Companies will choose cheap, dirty fossil fuels over clean energy unless there are incentives not to just like they'll likely choose to automate away jobs.

Detractors, however, say a tax could stall innovation at a time when China is unwaveringly pushing to dominate AI and robotics.

•In a report last week, the Information Technology and Innovation Foundation, a think tank, argued that the robot tax would slow GDP and wage growth.

•ITIF president Rob Atkinson instead

Robots May Be Taxed In The Future To Fund Human Services

Experts Consider Taxing Robots To Pay For The Jobs They Took

called for a tax credit for investing in robots, calling predictions of job loss from automation overblown.

Related Why robots should be taxed if they take people's jobs Bill Gates says governments could use a robot tax to fund human services – it would also help remedy income inequality

The idea of a tax on robots was raised last May in a draft report to the European parliament prepared by MEP Mady Delvaux from the committee on legal affairs. Emphasising how robots could boost inequality, the report proposed that there might be a "need to introduce corporate reporting requirements on the extent and proportion of the contribution of robotics and AI to the economic results of a company for the purpose of taxation and social security contributions".

A tax on robots might provide revenues to finance retraining schemes for displaced workers. (Photo/Reuters)

The public reaction to Delvaux's proposal has been overwhelmingly negative, with the notable exception of Bill Gates, who endorsed it. But we should not dismiss the idea out of hand. In just the past year, we have seen the proliferation of devices such as Google Home and Amazon Echo Dot (Alexa), which replace some aspects of household help. Likewise, the Delphi and nuTonomy driverless taxi services in Singapore have started to replace taxi drivers. And Doordash, which uses Starship Technologies miniature self-driving vehicles, is replacing restaurant delivery people.

If these and other labor-displacing innovations succeed, surely calls to tax them will grow more frequent, owing to the human problems that arise when people lose their jobs – often jobs with which they closely identify, and for which they may have spent years preparing. Optimists point out that there have always been new jobs for people replaced by technology, but, as the robot revolution accelerates, doubts about how well this will work out continue to grow. A tax on robots, its advocates hope, might slow down the process, at least temporarily, and provide revenues to finance adjustment, like retraining programs for displaced workers.

If the robots are coming for our jobs, make sure they pay their taxes

-John Naughton

Such programmes may be as essential as our work is to healthy human life as we know it. In his book Rewarding Work, Edmund S Phelps emphasized the fundamental importance of maintaining a "place in society – a

calling". When many people are no longer able to find work to support a family, troubling consequences ensue, and, as Phelps stresses, "the functioning of the entire community may be impaired". In other words, there are externalities to robotisation that justify some government intervention.

Critics of a robot tax have emphasized that the ambiguity of the term "robot" makes defining the tax base difficult. The critics also stress the new robotics' enormous, undeniable benefits to productivity growth.

But let's not rule out so quickly at least modest robot taxes during the transition to a different world of work. Such a tax should be part of a broader plan to manage the consequences of the robotics revolution.

Robots won't just take our jobs – they'll make the rich even richer

Discussion of a robot tax should consider what alternative we have to deal with rising inequality. It would be natural to consider a more progressive income tax and a "basic income". But these measures do not have widespread popular support. If support is not widespread, the tax, even if imposed, will not last.

So, taxes must be reframed to remedy income inequality induced by robotisation. It may be more politically acceptable, and thus sustainable, to tax the robots rather than just the high-income people. And while this would not tax individual human success, as income taxes do, it might in fact imply somewhat higher taxes on higher incomes, if high incomes are earned in activities that involve replacing humans with robots.

A moderate tax on robots, even a temporary tax that merely slows the adoption of disruptive technology, seems a natural component of a policy to address rising inequality. Revenue could be targeted towards wage insurance, to help people replaced by new technology make the transition to a different career. This would accord with our natural sense of justice, and thus be likely to endure. (Courtesy the guardian.com)

预测可能产生的影响:

1. 由于投资额大幅上涨,新法规实 施后,全球EB-5投资申请人数预期将大

2. 对于正在排期中的中国 EB-5 投 资人而言,这反而是福音,因为,"插 队"的外国投资人减少了。根据美国国 务院签证办公室的估计,每年全球10, 000张EB-5签证,中国投资人仅能获得 3,000多张;而涨价后,中国投资人预期 每年可获得5,000-6,000张签证;这将使 灵活性。 得中国投资人的排期缩短约一半时间。 现存的技术问题

1. I-829申请人的面试一般在新商业 机构 (NCE) 里进行。

他/她的附属申请人直接联系当地办事处 以获得他们的永久居民卡。

3. 现行的法案没有明确的规定如果 附属申请人一开始没有被包括在主申请 里面,如何以及什么时候.

新法案中针对以上几个问题进行了 修改补充:

- 1. 增加了新的法案条例,允许部分 由于新法案的实施导致项目出现修改或 补充的投资人保留 EB-5 评级资格。
- 2. 为 I-829 申请的面试地点提供了
- 3. 明确了与移民投资人分开提交 I-829表格的附属申请人的申请流程。
- 4. 修改了移民投资人在申请 I-829 获批后获得新永久居民卡的规定,因为 省了面试可能带来的时间和成本。

2. 现行的法案要求移民投资人以及 国土安全部将会在移民投资人及附属投 资人做指纹识别的同时获取了他们的生 物特征数据。

预测可能产生的影响:

- 1. I-829 面试可以在NCE之外的场 所进行,例如USCIS 办公室、移民投资 人的住所等,从而使得面试更加有效率 ,减轻移民投资人的负担。
- 2. 即将获得永久居民卡的投资人也 将节省更多的时间和成本来采集生物信
- 3. 使得与移民投资人分开提交申请 的附属申请人的申请流程更加清晰,并 消除了可能产生的混淆。
- 4. 某些投资人将会因此获益,不再 需要安排长途旅行来进行面试,从而节

移民后,国内资产咋办?

近年来,越来越多的人选择入籍加 的大多身价不菲,问题就来了,人顺利 拿大,这其中华人自然占一壁江山。与 移民入籍,钱咋办?国内的资产要如何

方,一加拿大人,一中国人,这一套用于自住的住房。境内设立分支机构 样的情况国内资产有要如何处理

、从红皮护照换成蓝皮护照 ,中国资产的性质问题

换护照后,企业性质不因股 东移民身份的改变而改变,据商 务部《关于外国投资者并购境内 企业的规定》中表述:第五十五 条,境内公司的自然人股东变更 国籍的,不改变该公司的企业性 质,持有、继承方面性质都不改

二、关于身份转变后的新投

采取出资来源地原则,中国 对于外资的进入是有准入与审批 制度,可以借鉴《安全审查行业 表》、《产业指导目录》

入籍后,在中国购置和持有物

境外个人,在中国境内只能购买-

、办事处代表机构的境外机构,只能在 注册城市购买办公所需的非住宅房屋 对此.相关专业人士解释如 对于购买要求是实名购买外加有效证件

> 境外个人在中国境内持有物业的, 在房产税征收方面,享有国民待遇,税 率参照【2009】3号文件。

> 三、入籍后,在中国境内的合同权 益(存款、股票证券、商业保险等)问

入籍后,原持有的中国合同权益 (包括存款、股票债券、商业保险等) ,享有国民待遇,不会因为移民身份变

化而产生任何变化。

需提请注意的是,一旦换了蓝本加 拿大护照,中国的社会保险就全部失效 。因为中国政府规定,社会保险是给中 国公民的权利,不是中国公民,自然不 能享有社保权利。当然,以前缴纳的社 保账户资金,个人缴纳的那一部分余额 可以取走,原单位交的社保部分就归公 了。

四、关于财产继承和转让问题

在财产继承方面,使用居住地法律 条款,依法进行财产继承,意味着财产 在中国境内,参照中国的法律条款,财 产在加拿大境内,参照加拿大的相关法 律条款。

关于财产转让问题,依据财产所在 地法律原则。关于财产转让的税收问题 ,实行源泉扣缴的方式,移民在国内资 产的转让税收,在互相有缔约关系的国 家之间,按照双方税收协定,一国非居 民在该缔约国取得应税所得,符合条件 可按减免的方式征收所得税。非居民在 其居民所在国的税收减除上述源泉扣缴

五、加拿大的一些税务知识

加拿大没有遗产税一说,但加拿大 有Final Tax(终结税),这其实是变相的 遗产税。因为加上遗产认证费用和执行 费用,终结税率大约在50%左右,关键 问题在于,一旦被确认死亡,所有资产 是被冻结的,合法继承人必须先交完终 结税,才可以支配资产,如果没有钱交 终结税,对不起,这些资产是不能被继

2019年10月10日

以"天"为名,横贯东西数千里,更以其 丰富的资源哺育着大山南北上千万人,这 就是位于新疆的天山。一次难得的机会, 得以驾车20多个小时穿越这座著名的天堑 ,体验群山巍峨,领略沿途胜景,让人刺 激之余,既兴奋,又高兴。

天山并不是一座山,而是一群山。 专业的说法应该是一列绵延2500公里的 山系,其中有1700多公里位于我国新疆 境内,把这个我国陆地上最大的省级行 政区隔成两片。天山山体雄壮,拥有多 种地形地貌,风景美不胜收。2013年, "新疆天山"被列为联合国世界自然遗 产,足见其影响之大。

此次我们驾车行走的是著名的独库 公路。独库公路是217国道的一段,全 程531公里,从天山北麓的独山子一直 向南直达南麓的库车县,故而得名。我 们这次选择从库车出发,驾车一路向北 ,来一次"走马观花游天山"。

从库车出发,大约半个多小时后就 进入了山区。此时的山岭呈红褐色,几 乎无植被,在亿万年风沙的打磨下变得 千姿百态、崔嵬奇骏,结合西域悠久的 文化,车辆穿行其中,让人感到十足的 神秘,这种感受大概也只有来到新疆才 会有吧。

一路上山,开始显现绿色,这倒是 和其他山区不同(一般都是海拔越高植 被越少)。转过一个接一个的大弯,树 木也越来越多,车子抵达了独库公路著 名的景点之一——大小龙池。我们选择

在中国诸多的名山大川中,有一座山 在大龙池边上停车驻足,只见大龙池周 边树木繁茂,映衬得湖水宛如一块碧玉 。远处的白头雪山时隐时现,动人心魄 。大龙池海拔2500米,是天山上知名的 高山湖泊。

> 驱车继续盘山而上,我们穿越了著 名的铁力买提隧道,也代表着正式离开 了南疆,进入北疆的范围。紧接着下山 又是一个接一个的发卡弯,前路慢慢变 得开阔和平坦,再往前就是大名鼎鼎的 巴音布鲁克草原。独库公路之所以出名 ,不单是它那险象环生的盘山道路,还 因为这条路沿途多变的地形和美丽的风 景。其中最有名的,莫过于巴音布鲁克 大草原和布那拉提草原了。难以想象刚 才还是崇山峻岭,道路崎岖,不久之后 就是四面开阔,映入眼帘的是望不到边 的草场,还有成群结队的牛羊马匹。

巴音布鲁克号称中国第二大草原, 宛如夹在南北天山中的一个聚宝盆,九 曲开都河从中蜿蜒通过,唱着牧歌的蒙 古族骑手赶着羊群,宛如片片白云在绿 草上移动,和天边的雪山相映成趣。在 开阔的大草原上纵情驱车, 刚从险境离 开尚未放开的紧张心情一扫而空。几十 公里后,平坦的草原慢慢隆起,变得立 体起来。森林、村庄、蒙古包、河流交 替从车窗外闪过,宛如一本精彩的连环 画,前方就是今天的住宿地,有着立体 山头,一幅绝世美景扑面而来;再翻过 草原之称的那拉提。

世上本没有路,走的人多了,便成 了路。一路走来,天山景致多变,每一 次变化带给旅行者的都是一种难以言表 求而不得。这次搭载我们穿越独库公路

的惊喜。这里面有自然因素,也有自驾 车快速转变场景所带来的因素,但还有 一个非常重要的人为因素,那就是公路 ,天(独)山(库)公路。

独库公路并不是一条因为走的人多而 自然形成的路。相反,这是一条彻彻底底 靠人工开砸出来的公路。穿河谷,盘高山 ,钻隧道,翻垭口,驾车者惊心动魄,修 路者更是让人无比佩服。这条上个世纪80 年代(1983年)建成通车的公路,连通了 天山南北,融合了各族人民,打通了经济 命脉,现如今更是成为了全中国声名远扬 的自驾旅游公路。旅游者兴奋之余当知道 的是,这条路的建设者当初付出的是包括 生命在内的巨大代价。

第二天清晨离开美丽的那拉提草原, 抵达乔尔玛镇。乔尔玛镇是独库公路和乔 伊公路的交汇处,这里不单有美味的小吃 大盘鸡拌面,还有一座烈士陵园,里面长 眠着168位在建设独库公路时牺牲的解放 军战士。他们无疑是和平时期的英雄, 168位英雄的身躯已和这条公路融为一体

,精神与天山一起,万年永存! 从乔尔玛开始,我们又开始翻越大 山,百转千回,险象环生。巴音布鲁克 和那拉提的柔美留在了记忆中,眼前的 是悬崖峭壁,险峰深隧。但正如那句诗 一样,无限风光在险峰。努力翻过一座 一座,再一幅美景。层出不穷的景色让 人心旷神怡,浮想联翩

古代西域产汗血宝马,无数旅者欲

的是奇瑞汽车的全新一代瑞虎8 SUV。

正所谓路遥知马力,车好不好,开 出来走一遭。尤其是在独库公路这条国 内著名的"死亡公路"上,更能体现出 一辆车的整体性能。这辆全新的瑞虎 SUV给我的第一感受是发动机,面对陡 峭的山路,原本担心动力会不足的发动 机交出了不错的答卷:这款被称为拥有 完全自主知识产权的1.6T GDI发动机, 全程游刃有余。路上也没有因为高海拔 氧气不足而发出那种恼人的嘶嚎声,相 反声音很轻很小,这一点让我们出乎意 料。

第二点让我们留下深刻印象的,是 车上配备的全天候盲区检测、鸟瞰式倒 车影像,连同自带的行车记录仪、遍布 前后两侧的雷达,全新一代瑞虎8的安 全性值得给一个大大的赞!要知道,在 路况不好的山区,这些功能带给驾驶者 的不单是安全,还是前进的信心。

最后,这辆新瑞虎的空间还算不错 ,一些小的车载功能在路上也发挥了作 用。比如旗舰版车型带有手机无线充电 ,手机只需放在中控台下面的防滑面板 上就能自动充电;负离子空气净化系统 很不错,我们在库车时就遇到了沙尘天 气,开启净化功能后片刻就能净化车内 空气,这个功能在城市里也很实用。还 有钥匙手环、自适应巡航、座椅加热、 语音控制等,很多在高端合资车型上才 有的功能,在全新一代瑞虎上都配备了 。可以说这一趟行程,让作为驾驶者和 乘客的我们感到很舒适。

如果除去在那拉提那一夜好觉所花 的时间,我们满打满算用了20多个小时 (十二时辰)走完了著名的独库公路。 车辆离开山区,行驶在前往独山子平坦 的公路上时,我不禁回首看了看背后。 那层峦叠嶂的天山静静地留在远处,回 想刚刚走过的路,这一趟旅程充满了梦 幻。或许,这就是自驾游带给我们的独 特之处吧

独山子是一座全新的石油城市,因 石油而起,因石油而发展。街道宽阔, 城市整洁,马路两旁一幢幢整齐的建筑 显示着这里拥有良好的秩序和巨大的财 富。一条险峻的公路,一座干净整洁的 城市,甚至包括公路两侧那一台台不停 歇的磕头机(石油采掘机),都让初到 此地的人们感到新奇,感动,振奋。

曾经的国家积贫积弱,而现在强大 的祖国能在如此险峻的高山修建公路, 一路飞跃南北,天堑变通途。一座新城 市能在茫茫戈壁上拔地而起,天南海北 的人们汇聚于此,财富在这里被创造, 美好的生活在这里发生着。当然,还包 括这两天一直陪伴我们的座驾——全新 一代瑞虎8,这辆国产品牌的SUV安全 、可靠而又舒适地让我们领略了天山南 北的壮丽美景,它所展现的良好性能让 我们印象深刻,特别是国产核心技术和 服务理念更让人感到开心惬意。

虽前路漫漫,而我们一直在前进。 独库公路的修路者如此,独山子石油城 的建设者如此,国产品牌奇瑞瑞虎的造 车者亦如此。

西藏,却胜似西藏

甘南藏族自治州是中国十个藏族自 治州之一,位于中国甘肃省西南部,地 和谐。在这里,你会发现喇嘛们原来并 扎尕那山位于迭部县西 处青藏高原东北边缘与黄土高原西部过 不是那么的神秘,他们们身着僧袍走过 北34公里处的益哇乡境 度地段。

不逊西藏的地方。来到这里,放下一身 的疲惫,在河边静静地听流淌着的习水 ,在广阔的大草原上奔跑,在世界上最 长的转经走廊上跪拜。来这里,把心灵 交给大自然,让身体自由行走。

拉卜楞寺,位于甘肃省甘南藏族自 治州夏河县,藏语全称为:"噶丹夏珠 达尔吉扎西益苏奇具琅",意思为具喜 讲修兴吉祥右旋寺。简称扎西奇寺,一 般称为拉卜楞寺。拉卜楞寺是藏语"拉 章"的变音,意思为活佛大师的府邸。 是藏传佛教格鲁派六大寺院之一,被世 界誉为"世界藏学府"。

寺主是第六世嘉木样呼图克图,其 他领导人包括八大堪布、四大赛赤。拉 卜楞寺在历史上号称有108属寺(其实 要远大于此数),是甘南地区的政教中 心,拉卜楞寺保留有全国最好的藏传佛

郎木寺其实是一个镇子的名字,被 白龙江一分为二,北方属于甘肃,南方

属于四川,横跨两个大省,却又出奇的 藏语, 意为 "石匣子" 街道,你可以与他们攀谈,会发现他们 内,是一座完整的天然

倘若有幸,还可以看到天葬。天葬 台边,格桑花开,蓝天白云,众生芸芸 ,最后终不过是尘尘土归土,藏人的天 葬习俗,恐怖又让人敬畏着,他们的躯 体来源于自然的恩赐,离开时自然要归 还于这世间,做其最后的善举。郎木寺 ,是块圣地。

在藏地的万神殿瞻仰藏族民众心中 最富传奇色彩的大师,也许会比频频玩 赏楼阁庙宇间更有意义。千年之前,阿 格里帕在古罗马建造万神殿用以供奉奥 林匹亚山的诸神;百年之前,藏传佛教 的弟子们也在甘肃境内修建了一座佛阁 ,用来供奉他们的尊者米拉日巴。

虽然原建筑早已在"文革"期间消 失殆尽,可后来重修的楼阁风采仍不输 当年。颇有意思的是,这座楼阁每一层 都代表一个不同的时代和主题,信步其 中,用心倾听,会有种穿梭于千年的藏 族故事中的感觉。

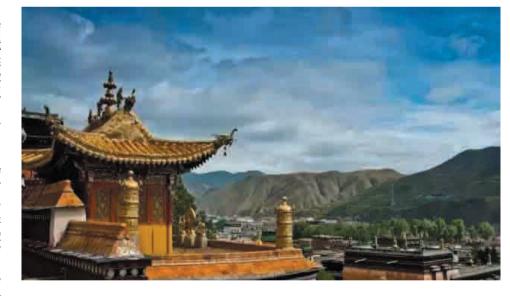

甘肃省迭部县益哇乡"扎尕那"是

俗有 之称。地形既像一座 规模宏大的巨型宫殿, 又似天然岩壁构筑的-座完整的古城

正北是巍峨恢弘、 雄伟壮观、璀璨生辉的 光盖山石峰,古称"石 镜山"因灰白色岩石易 反光而有其名; 东边耸 峙壁立的俊俏岩壁,凌 空入云,云雾缭绕;南 边两座石峰拔地而起, 相峙并立成石门; 再南 至东哇、纳加一带,峭

壁矗立,清流跌宕,水磨飞轮,流转不 息。山势奇峻、景色优美,犹如一座规 模宏大的石头宫殿,这片世外桃源虽然 早在近百年前就被洛克誉为亚当和夏娃 的诞生地,但至今仍是一块处女地

桑科草原位于甘肃省甘南藏族自治 州夏河境内,距夏河县城拉卜楞西南18

公里,有公路直通。桑科草原属于草甸 客准备新鲜奶茶、糌粑、藏包、手抓羊 草原,平均海拔在3000米以上,草原面 积达70平方公里,是甘南藏族自治州的 主要畜牧业基地之一。

这里人口少面积大,仅有4000多牧 的藏族风情 民,草原却辽阔无际,是一处极为宝贵 的自然旅游景区。这里设有藏式帐篷接 待站两处,每年7-9月搭起藏包,为游 地道的中国民间

肉等藏区特色风味,还为游客准备了马 匹、牦牛、射击篝火晚会等草原旅游节 目。游人在这里可以尽情体味神秘淳朴

幅员辽阔的中国,还有很多风物不 为人知。跟随"玉兰旅行",带你见识
