Russia unleashes missiles across Ukraine, drones hit bases deep inside Russian territory

KYIV, Dec 5 (Reuters) - Ukraine said Russia destroyed homes in the southeast and knocked out power in many areas with a new volley of missiles on Monday, while Moscow said Ukrainian drones had attacked two air bases deep inside Russia hundreds of miles from front lines.

A new missile barrage had been anticipated in Ukraine for days and it took place just as emergency blackouts were due to end, with previous damage repaired. The strikes plunged parts of Ukraine back into freezing darkness with temperatures now firmly below zero Celsius (32 Fahrenheit).

At least four people were killed in the Russian missile attacks, Ukrainian President Volodymyr Zelenskiy said, adding that most of some 70 missiles were shot down. Energy workers had already begun work on restoring power supplies, he said.

Russia's defence ministry said Ukrainian drones attacked two air bases at Ryazan and Saratov in south-central Russia, killing three servicemen and wounding four, with two aircraft damaged by pieces of the drones when they were shot down.

Italy ageing faster than EU peers, population drops below 59 mln Germany's Scholz: We must avoid dividing world into Cold

War-style blocs White House says it is not surprised on Russian reaction to

oil price cap

Ukraine did not directly claim responsibility for the attacks. If it was behind them, they would be the deepest strikes inside the Russian heartland since Moscow invaded Ukraine on Feb. 24.

One of the targets, the Engels air base near the city of Saratov, around 730 km (450 miles) southeast of Moscow, houses bomber planes belonging to Russia's strategic nuclear forces.

"The Kyiv regime, in order to disable Russian long-range aircraft, made attempts to strike with Soviet-made unmanned jet aerial vehicles at the military airfields Dyagilevo, in the Ryazan region, and Engels, in the Saratov region," the Russian defence ministry said.

It said the drones, flying at low altitude, were intercepted by air defences and shot down. The deaths were reported on the Ryazan base, 185 km (115 miles) southeast of Moscow.

The Russian defence ministry called the drone strikes a terrorist act aimed at disrupting its long-range aviation.

Despite that, it said, Russia responded with a "massive strike

on the military control system and related objects of the defences complex, communication centres, energy and military units of Ukraine with high-precision airand sea-based weapons" in which it said all 17 designated targets were hit.

Ukraine's air force said it downed over 60 of more than 70 missiles fired by Russia on Monday - the latest in weeks of attacks targeting its critical infrastructure that have cut off power, heat and water to many parts of the country.

"Our guys are awesome," Andriy Yermak, head of the Ukrainian presidential staff, wrote on Telegram.

Kyiv's forces have also demonstrated an increasing ability to hit strategic Russian targets far beyond the 1,100 km-long frontline in south and eastern Ukraine.

Saratov is at least 600 km from the nearest Ukrainian territory. Russian commentators said on social media that if Ukraine could strike that far inside Russia, it might also be capable of hitting Moscow.

Previous mysterious blasts damaged arms stores and fuel depots in regions near Ukraine and knocked out at least seven warplanes in Crimea, the Black Sea peninsula annexed by Russia from Ukraine in 2014.

People take shelter inside the metro station amid Russian missile attacks in Kyiv, UkraPresident Vladimir Putin drove a Mercedes across the bridge linking southern Russia to Crimea on Monday, less than two months since that, too, was hit by an explosion. Kyiv has not claimed responsibility for any of the blasts, saying only that they were "karma" for Russia's invasion.

"If something is launched into other countries' air space, sooner or later unknown flying objects will return to (their) departure point," Ukrainian presidential adviser Mykhailo Podolyak tweeted, tongue in cheek, on Monday.

MISSILE FRAGMENTS HIT MOLDOVA Moscow has been hitting Ukraine's energy infrastructure roughly weekly since early October as it has been forced to retreat on some battlefronts.

This time, police in Moldova were reported to have found missile fragments on its soil near the border with Ukraine.

In the Zaporizhzhia region, at least two people were killed and several houses destroyed, the deputy head of the presidential office, Kyrylo Tymoshenko, said.

Missiles also hit energy facilities in the regions of Kyiv and Vinnytsia in central Ukraine, Odesa in the south and Sumy in the north, officials said.

WEALEE'S GLOBAL NOTES

12/03/2022

International District New Blueprint

Since the establishment of the Houston International District Texas, the purpose has been to promote the community welfare, safety and economic growth.

Our responsibility is also to attract more investment to promote the prosperity of the region and make the district a better place to

Today we held an annual retreat at the International Trade Center and invited an expert to talk about the responsibility of our board members.

As chairman, I presented the blueprint for the future development of the district including the following goals:

Attract more investment to the district. Currently we have project investments that total over \$200 million dollars.

Expand the celebration of ethnic culture. Hold various culture activities to attract more tourists to this area, including dragon boat races, floats and parades and food tours.

To build an international gate, an outdoor theatre and an international cultural museum. Famous architect, C. C. Lee will design and present his work to the committee very soon.

The meeting also proposed an \$800,000 budget to start the project.

Due to the continuous influx of new immigrants and people from California, our district will continue to improve public safety and investment conditions to be one of the economic models in the city of Houston.

The Center Has A Goal Of Fostering **Intergenerational Connections**

New Alief Neighborhood Center Is The New Model For What A **Community Center Can Be**

Compiled And Edited By John T. Robbins, Southern Daily Editor

Key Point The New Alief Neighborhood Center Amenities Include A Skate Park, Health Center, and Library

That Will Open Under One Innovative Roof A grove of 22 mature live oaks is about the only thing left from the old Alief Community Center in Houston. The building and the rest of the site were scrapped to make way for a new, multipurpose neighborhood center and park, but the value of old-growth shade in Texas is on display in the front yard of the two-story building that's nearing completion after two years of construction. An entry drive swoops up and around the grove, in deference to the trees, and meets up with a first level that's been elevated above the five-hundred-year flood mark. A soaring roof covers the massive entry patio. Jonas Risen, lead designer for the building's architect, Page, calls it "the biggest front porch in Texas." Sixteen-foot tall aluminum letters hang above that porch, spelling out "ALIEF" like a welcome sign to the surrounding neighborhood, announcing the structure to Texas as the first multipurpose center of its kind

The 70,000-square-foot Alief Neighborhood Center combines the functions of the sixty-year-old recreation hall it replaces, with the added bonuses of a public library, a senior center, and a women, infants, and children (WIC) clinic run by the Houston Health Department. The strikingly modern building—clad in glass, battleship-gray aluminum panels, and brick that's a shade lighter than black—rises two stories above a 38acre park. A public pool, a skate park, soccer fields, and courts for tennis, pickleball, and basketball are arranged around a massive playground behind the building.

"We hope that this will be a model that will be replicated across the city," said Richard Vella, assistant director of Houston's General Services Department (GSD), who conceived of the massive project and is overseeing its "One of my first votes was to authorize the funds for completion

features bleacher seating, expansive views of the park, and artwork from the Red Thread Collective.

It might seem obvious to combine so many services for neighborhood residents in one structure, but it's a rarity for publicly funded buildings. The GSD manages the construction and maintenance of more than three hundred facilities in the city, from fire stations to city parks, but every entity requests its own funding for its own buildings to be renovated or rebuilt as they reach the ends of their useful lives. It's a process designed to be territorial rather than collaborative, and it isn't unique to Houston. But in Alief, the GSD recognized that three public buildings in the neighborhood were all due for replacement. Vella had studied the multipurpose MacBain Community Centre in Niagara Falls, Ontario, and he decided the time was right for a similar project in Houston—one in which the Alief WIC Center, the library, and the community center would join forces. "By combining those departments, we were able to be more efficient and provide more than we would have if it were three independent buildings," said Dimitri Karavias. He's the division manager of capital planning and operations for GSD. and he managed this project personally.

Of the three old buildings, it was the community center that had been ignored for far too long. "[Residents] advocated for this project for over twenty years," Karavias said. One of those locals was Tiffany Thomas. She grew up in the neighborhood, graduated from Alief Elsik High School, then went on to represent the next generation on the Alief ISD school board. In 2019 she won the city council seat for Alief.

the construction of the building," Thomas said of her participation in the unanimous vote in January 2020. There was no federal or state help for the \$59 million project, which was entirely supported by city funds. Thomas credits the Alief Super Neighborhood Council for keeping the pressure on the city to provide the funding, and said it felt good for her vote to help give

Alief Swarm, a sculpture by artist Bennie Flores Ansell, adds color to a two-story area at an intersection of parks, library, and department health Each Houston city ouncil district is denot-

ed with a letter. Alief is

n District F. "The joke

is that the 'F' stands for forgotten," Thomas said. That's due somewhat to Alief's location outside the beltway, west of Sam Houston Parkway, but it's also because Alief is a low-income neighborhood with a majority-minority population. It is home to first-generation immigrants from across the world and to refugee communities, including those from one state over. After Hurricane Katrina struck New Orleans, Louisiana natives sought shelter here, many permanently. Thomas's neighbors when she was growing up were from Vietnam, Guatemala, Iraq, and Ghana. More than eighty languages and dialects are spoken in Alief ISD schools.

'We are the cultural currency of the city," Thomas often says. It has become her tagline for the community she represents and it's meant to remind people that Alief is a big reason Houston enjoys its much-celebrated cultural diversity. Thanks to the forgotten district, the city's residents enjoy experiences like traditional Chinese lion dance ceremonies in a local park, specialty foods imported to Wazobia African Market, and immigrant artwork exhibited at Alief Art House. There's also a diverse selection of restaurants, like the famed Crawfish & Noodles a block east of the neighborhood center and the Chinese Vietnamese and Thai restaurants that surround the Hong Kong City Mall James Beard Award finalist and Texas Monthly Top 50 BBO restaurant Blood Bros. BBO is too far down Bellaire to be in Alief proper, but it's run by a trio of pitmasters proud of their Alief upbringings. Hell, Lizzo and Kelly Rowland both attended Elsik, the same high school as Thomas, and comedian Mo Amer attended Hastings, their rival high school in Alief. Still, she said, "no one has really championed

The exterior children's area at Alief Neighborhood

In February 2014, Thomas decided it was time for the community to champion itself. She had just won the school board election, and she had some leftover campaign funds that she used for a robocall to neighborhood residents. "I want to invite you on Saturday to the Alief Community Center," she remembers recording. A hundred residents arrived, not knowing exactly why they'd been summoned, and she asked them for input on a new community center. It didn't vet have funding or an architect, but Thomas wanted the neighborhood to envision its own future. "We get to create what we want it to look like," she told them. Thomas is a natural at this sort of organizing. She teaches courses on community planning and development at Prairie View A&M University. That early meeting was the first of many, and they were eventually led by GSD and the architecture firm. "Their attitude was positive and enthusiastic." Risen of Page said of the residents he and his team worked with. (Risen was a classmate of mine at Tulane's architecture school.) "There was some concern, as you might expect, that they wouldn't be able to provide the services they were used to providing in a shared space,' he said, but the design team was able to show how residents would have access to more services, not fewer.

Rethinking AWARDS

The Alief Neighborhood Center combines three City of Houston departments (Library, Parks, & Health) to create a civic center at the heart of the redeveloped 37-acre urban park. Raised out of the floodplain, the building's elevated 'front porch' frames a space for the diverse community to come together, share ideas. and express an identity unique to Alief. The Center is a model for resilient design in a post-hurricane Harvey environment - a 'Lilly-pad' for those seeking shelter from the storm.

Rethinking The Future Awards 2020 First Award | Public Building (Concept) Project Name: Alief Neighborhood Center Studio Name: EYP Inc. Design Team: John Smith, Jonas Risen, Peter Dreg-

horn, Robert Burrell, Yuliana Hernandez, Guillermo Andrade Area: 70,000 GSF

Year: 2021

Location: Alief Neighborhood, Houston Tx Consultants: MEP Engineer - Collaborative En-

gineering, Fire Protection -Addleman, IT/AV/Security - 4b Technology, Landscape Architect - SWA, Cost Estimator - Project Cost Resources, Food Services-Worrell Design Group, Aquatics-Counsilman Hunsaker, Structural Engineer-Dally, Skate Park Design-Action Sports Design

He gave me a few examples as we walked around the construction site: Parents waiting for WIC services downstairs could send their kids up to the library. Seniors could watch healthy cooking classes aimed at treating diabetes in the WIC demonstration kitchen. Children in after-school enrichment programs would have use of what's called the TechLink space, which has a green screen and video equipment for making films, audio-recording and mixing equipment for music, and a garment center with sewing and embroidery equipment for designing clothing and costumes. The hope is that by offering all these services in one place, the neighborhood center will be a home to residents of all ages. A dad who stops by for a pickup basketball game might return with his kids who want to record music, or a senior who comes to watch a grandkid play soccer might decide to take up pickleball. The building's plan is meant to foster real community connections between generations that would normally use separate facilities. The surrounding park's design was just as important as that of the building. Architects designed around the grove of oaks that shaded the front of the old building, which will remain a quiet outdoor space away from the sports facilities. The site was dead flat when design began, and the team searched for ways to create elevation. The building already had to be raised at least seven feet to meet new post-Harvey flood regulations, so the architects decided to put the parking lot underneath. (Athletes returning from the basketball court or the soccer fields to their shaded cars in summer will certainly applaud that decision.)

The views from the higher floors across the site are stunning. A climbing wall rises from behind the playground, with a skate park beyond. (Between the two is a crest that project leaders have dubbed Mount Alief, from which the full site can be surveyed. It's where Karavias said he starts all of his site tours.) A local skate shop was so excited about the skate park that it shared a drone shot of the park on social media. Local skaters arrived, but they were asked to be patient and wait until it was no longer a construction zone before perfecting their kickflips. Thomas was excited to tell the skate park's designer about the buzz he'd created. especially since he's her neighbor.

More than seven years after that first meeting, Thomas will be there to help cut the ribbon when the doors open in late October. "Other districts are now saying, 'We want one of those,'" she said with a giddy laugh She knows her neighborhood now has a jewel it'll soon be able to enjoy, as well as an iconic building that will draw people in from around the region. Being the envy of the rest of Houston is a position Thomas feels plenty comfortable with, and she hopes it will help change the negative perception of her home. She said simply, "It's what we deserve." (Courtesy Texas Monthly)

COMMUNITY

New Alief Neighborhood Center Represents Future Cultural Reality Of Area

that

The Alief Neighborhood Center combines three City of Houston departments (Library, Parks, & Health) to create a civic center at the heart of the redeveloped 37acre urban park. Raised out of the floodplain, the building's elevated 'front porch' frames a space for the diverse community to come together, share ideas, and express nesses, and an identity unique to Alief. The Center is a a model for resilient design in a post-hurricane Harvey environment – a 'Lilly-pad' for those seeking shelter from the storm.

BUILDING AWARDS-Rethinking The Future Awards 2020

First Award | Public Building (Concept) The \$52 million, 63,000-square-foot multi-purpose facility at 11903 Bellaire will combine a health clinic, community center and library into one space. The structure, which will sit in 37-acre Alief Park, will consolidate the Hennington-Alief Regional Library at 7979 South Kirkwood and the park's existing community center, both of which are aging. It also will replace the area's Women, Infants and Children Center, which today leases space at 12660 Beechnut. City council passed one item appropriating \$4.8 million for contractor EYP Inc. to begin construction on the new center, and another item giving Manhattan Constriction \$100,000 for construction management services.

The 70,000sf 2-story new building is elevated over a parking area providing convenient access to the building programs directly above. Health Department programs provided include W.I.C. (Special Supplemental Nutrition Program for Women, Infants, and Children), DAWN (Diabetes

The Center's services will be led by senior educator, Dr. Tina Agosa and many other assistants.

美南國際單視15.3《生活故事會》 白紙運動不會變成額色革命!

(本報訊)本期節目給您講講前一陣在中國爆發的白紙運動。

2022年11月27日晚間,上海、北京、成都、武漢多地的街頭以及多所大學的學生、民眾 衝出隔離小區,強烈抗議中國政府沒完沒了的封控隔離清零,抗爭的共同語言和符號是每個人 都高舉一張白紙,進行無聲的抗議。這是1989年六四事件33年後同時多地串連的最大規模的 中國群眾運動,所以被稱"白紙運動"或"白紙革命"。

白紙運動的引子是因為11月24日晚間在新疆烏魯木齊市天山區吉祥苑小區一棟高層住宅樓發生火災,由於該樓當時處於封控狀態中,居民樓部分樓層被鐵絲捆綁,因此居民無法逃生,被活活燒死了二十來個人,死者中有小孩,還有被大火全家滅門的。有一些群衆把現場拍到的視頻傳到網上,引發了全民憤怒。11月26日,南京傳媒學院有兩名學生手舉白紙在校園內長時間站立,引發了悼念火災遇難者、抗議中共"清零"防疫政策的學生聚集活動,拉開了迅速燃遍全國的白紙運動的序幕。當時,學校領導走過來拿走了一位女生手中的白紙,但是那位女生仍然以不變的手勢靜默佇立,賦予了白紙運動更多的含義——即便連白紙都沒有,透過空氣也能表達民衆的抗議。

上海很快有群眾響應,他們自發地在上海烏魯木齊中路舉行守夜活動,活動很快就演變成了街頭抗議,許多人舉著白紙,展示了不言而喻的反抗姿態。隨後,北京、上海、成都等地的高校學生開始在校園裡舉著白紙抗議,無聲的憤怒很快以星星燎原之勢在全中國展開,各地的群衆都手持一張白紙抗議,表達對政府清零封控的不滿。

這場白紙運動是六四運動30多年以後,中國民衆針對中國政府最大膽的異見表達事件。有一些抗議者甚至直接譴責當局,發出驚人而直白的批判,甚至要求中國領導人習近平下台。但是在言論被嚴厲控制的情況下,更多人選擇了更微妙的溝通辦法,就是手持什麼都不寫的白紙,無聲地抗議。紙上什麼都沒有,但是大家都知道上面有什麼。這是抗議當局壓制異議,也是對當局的挑戰,難道民眾舉著無字的標語牌都讓你害怕,都要出動警察去逮捕他們嗎?是的,還確實是這麼回事。中國的白紙運動很快就遭到了警察的打壓,抓了一些人之後,上海和北京現在已經見不到示威者的踪影,取而代之的是高度戒備的警察和安全人員。與此同時,為了緩解民間的不滿情緒,一些地方的防疫措施已經有所放鬆。

定居葡萄牙的中國著名的異議人士艾未未說,這一次的白紙運動不會形成星火燎原之勢,因為警察很快會讓他們沉默。

中國的全面清零政策和對自由的限制以及習近平的無限期連任,導致了這場前所未有的公民不服從表現。新冠疫情大流行近三年後,全世界都解封了,唯有中國仍然堅持動態清零政策,導致經濟大幅滑坡,很多人難以維持生計,積攢已久的民怨終於在新疆火災之後找到了突破口,全世界最聽話最溫順的中國人終於也爆發了!但是,軍隊和警察很快出動,鎭壓了那些發聲的人,因為示威者本身缺乏組織和領導,白紙運動不會轉變成顏色革命。艾未未還說,即使在香港的2019年反送中運動示威規模和1989年六四運動那樣大規模的事情發生之後,仍然不能撼動政府。所以,這一次中國的白紙運動不會變成顏色革命。

顏色革命又是什麼呢?顏色革命最初是指在前蘇聯範圍內旨在推翻蘇聯、建立擺脫傳統俄羅斯影響、基於西方價值觀、更加親西方政權的"革命"。後來擴展到更大範圍,泛指以和平和非暴力方式進行的政權變更運動。最近這幾十年世界上發生了很多次顏色革命,比較著名的有茉莉花革命和阿拉伯之春。茉莉花革命發生在2010年年底至2011年年初,北非國家突尼斯發生了要求總統本→阿里下台的持續抗議活動,並演變為持續騷亂。總統本●阿里被迫選擇離開突尼斯,前往沙特避難。總理加努希出任臨時總統。在阿拉伯國家,這是第一次有一個政權因為民衆抗議而倒台的。因為茉莉花是突尼斯國花,所以這次政權更迭也被稱為"茉莉花革命"。茉莉花革命的成功之後引發了更為廣泛的阿拉伯之春革命,並在2年之內和平推翻了6個阿拉伯國家的政權,對阿拉伯世界裡產生了深遠的影響。

中國的顏色革命這個詞通常用來描述跟紅色革命不同的民眾運動。 "紅色革命"是血腥的,而顏色革命是非暴力的。當民眾不支持政權,又"敢怒不敢言",往往會通過遊行集會或其他和平方式來表達不同政見。由於不同政見代表了民意,參與的人會比較多,結果無形中給政權帶來一定的壓力。這一次的白紙運動會不會引發顏色革命?現在我們基本可以肯定,不會!政府已經把白紙運動彈壓下去了,但是通過這一張小小的白紙,政府至少知道民眾的承受能力也是有底線的,並不能無限制地欺壓下去,目前的防疫封控政策已經在逐步地放鬆,希望明年中國能夠恢復正常,畢竟每個人都要吃飯,都要養家糊口。

好了,今天的故事就講到這兒了,感謝您的收看,再會。

本週一2022年12月5日週一晚上7點首播本期《生活故事會》,週六12月10日晚7:30重播。歡迎收看。白紙運動不會變成顏色革命!
